## Message from the Chief

Chief Danny Smyth

The Winnipeg Police Service 2018 Annual Statistical Report shows that property crimes continue to increase. I believe the reason behind the increase is still in large part due to the growing use of methamphetamine in our community. Enhancements to our online reporting system have increased the ability of people to report these crimes to the WPS.

We are adapting to meet this challenge and in 2018 we created a centralized Drug Enforcement Unit to proactively investigate the illicit drug trade. Addiction issues, property crimes and acts of violence are often a result of drug subculture. One of the primary goals of the Organized Crime Division is to disrupt the illicit drug market with the intent to reduce crime and victimization.

We will continue to work on longer term objectives in 2019, including a refined effort to focus on curtailing gang activity through education, prevention, intervention and suppression initiatives. We also look toward dealing with new policing demands and challenges by developing innovative approaches and partnerships to address the continuing rise in calls for service.

Working together, we will promote A Culture of Safety for All.

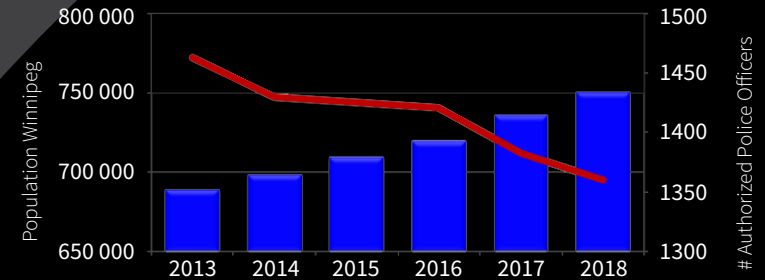

Danny G. Smyth  
Chief of Police
