GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Winnipeg
Manitoba**

For the Fiscal Year Beginning

January 1, 2018

Christopher P. Morill

Executive Director

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to **City of Winnipeg, Manitoba**, for its Annual Budget for the fiscal year beginning January 1, 2018.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

2019 LETTER FROM THE MAYOR AND CHAIRPERSON OF THE STANDING POLICY COMMITTEE ON FINANCE

Introduction

We are very pleased to table the 2019 preliminary capital and operating budgets.

Key priorities of the 2019 preliminary budgets include investments in transit, roads, innovation, and combined sewer overflow mitigation, maintaining front line services, reducing the water and sewer dividend rate while keeping taxes and fees affordable for Winnipeggers.

At the start of this year's budget process, we were facing a deficit of almost \$86 million in our tax-supported operating budget.

In the short time since the municipal election in October, we have worked with residents, stakeholder groups, and members of our new Council to present for Council's consideration preliminary capital and operating budgets that are balanced from a fiscal and city building perspective.

Balancing this year's budgets required many difficult choices and decisions.

Compounding the challenge this year was the ongoing uncertainty regarding the provincial government's funding support to the City for 2019 and beyond as well as provincial funding commitments from prior fiscal years that remain outstanding.

We fully support the provincial government's efforts to eliminate its budget deficit, but we do not believe that this objective should be achieved on the backs of Winnipeg property taxpayers.

Therefore, we will continue to seek clarity from the provincial government on its funding intentions for Winnipeg for prior years, the current year, and future fiscal years. The funding clarity we seek for future fiscal years is no different than the advanced funding notice that the provincial government provides school divisions or receives from the federal government prior to tabling the annual provincial budget.

Notwithstanding these significant challenges, we believe that the 2019 preliminary budgets present a balanced and responsible blueprint, a plan that keeps property taxes affordable while maintaining and investing in key infrastructure, services, and technology that are important to Winnipeggers and are essential to building our city for the future.

The preliminary budgets reflect the reality that Winnipeg is the economic engine of Manitoba and its largest city. Winnipeg's population is on track to grow steadily and strongly over the next twenty-five years, and we need to manage and support this growth by investing in the right infrastructure at the right time so critical infrastructure is in place when we need it.

This year's budget planning process also included extensive public engagement conducted by the Office of Public Engagement in the spring of 2018. Budget consultations were open to all

members of the public and community organizations, and provided opportunities to discuss the challenges and opportunities facing Winnipeg. Residents also had the opportunity to provide input and feedback through various on-line platforms. Individual meetings with each member of Council were also conducted by the Finance Chair.

Overall, we believe the preliminary 2019 budgets strike the right balance between fiscal discipline, addressing immediate priorities, and continuing to invest in key services and infrastructure that will build our city for the future.

Operating Revenues & Expenditures

This year's tax supported operating budget proposes to increase operating expenditures by 3.9 percent from last year's budget, with the majority of this increase required to fund increases related to existing collective agreements.

Property tax increases this year are limited to 2.33 percent, and the entire increase is dedicated to addressing Winnipeg's infrastructure requirements.

Two percent of the proposed 2.33 percent increase is dedicated to rebuilding and repairing our regional and local roads, and 0.33 percent of the proposed increase is dedicated toward the completion of the Southwest Rapid Transitway. This means that the average homeowner will pay an additional \$40.00 in municipal property taxes in 2019.

To continue powering the economy and reduce the burden on small businesses, the business tax will be reduced from 5.14 percent to 4.97 percent and the business tax threshold will be increased from \$33,300 to \$33,900 in 2019.

Over the last five years, the business tax rate has been reduced from 5.7 percent to 4.97 percent and we have increased the business tax threshold from \$23,880 to \$33,900 which has eliminated the business tax for almost one-half of Winnipeg businesses.

Overall, Winnipeg continues to have among the lowest operating costs per capita and levels of expenditure growth as well as among the lowest property taxes of all major cities in Canada. According to KPMG's most recent Competitive Alternatives Study, Winnipeg continues to be the lowest cost city among 27 cities in Canada and the U.S. mid-west to own and operate a business.

There is no rate increase proposed to the frontage levy in 2019.

The water and sewer dividend rate is proposed to decrease from 12 to 11 percent of budgeted water and wastewater sales. This is the first time in the city's history that the water and sewer dividend has been reduced. This measure will help fund significant upgrades to Winnipeg's wastewater treatment infrastructure mandated by the Province of Manitoba, while also helping to keep water and sewer rates affordable for Winnipeggers.

There are no new fees or charges included in the 2019 preliminary budgets.

The waste diversion fee will increase to \$63.00/year from the current level of \$57.50/year to reflect the increased cost associated with the city's new recycling contract that took effect last year.

Furthermore, the impact fee will increase at the rate of construction inflation which is 3.5% for 2019, but this fee will not be used as a funding source in the 2019 budgets.

Increases to all remaining fees and charges in the budget will be limited to the rate of inflation of 1.6% in 2019 with the exception of transit fares and on-street parking rates which will be frozen in 2019 at 2018 levels.

Transit

Investments in transit are essential for a modern, growing city and this year's preliminary budgets propose significant new investments in transit, with a focus on safety, affordability, and enhanced service.

This will be a critical year for Winnipeg Transit, with the finalization of the Transit Master Plan as well as construction concluding on the Stage 2 of the Southwest Rapid Transitway.

In 2019, the tax supported transfer to transit is proposed to be \$70.6 million, an increase of over six percent from last year's tax supported transfer of \$66.4 million.

Winnipeg continues to have among the lowest transit fares compared to other major Canadian cities. The 2019 preliminary budgets will maintain the affordability of transit by providing the financial resources necessary to freeze transit fares in 2019 at 2018 levels, as was previously approved by Council. This is the first time that transit fares have been frozen since 2007.

This year's preliminary budgets recommend implementation of Winnipeg's first low-income bus pass. To ensure successful implementation, our Public Service will continue to engage with key stakeholders throughout the year.

The preliminary budgets include a recommendation for Council to approve implementation of a low income bus pass starting on April 1, 2020, with eligible adults to qualify for a 30 percent discount on the cost of a full fare adult monthly pass in 2020, a 40 percent discount in 2021, and a 50 percent discount starting April 1, 2022. This will allow Winnipeg Transit to phase in the cost of this initiative over three years and properly assess what additional resources will be required within the broader context of the forthcoming Winnipeg Transit Master Plan.

A report will be brought forward to Council in 2019 providing more details on the implementation and financing of the low income bus pass.

The preliminary budgets also propose significant investments in transit safety. To date, Winnipeg Transit has implemented numerous safety enhancement initiatives. These enhancements included establishing reporting procedures with the Winnipeg Police Service,

expanding the surveillance system on buses, providing safety training to transit inspectors and operators, and adding new inspectors on transit buses.

Building on previous safety initiatives, the 2019 preliminary budgets propose an investment of \$3.15 million to purchase and install bus operator safety shields for the entire bus fleet over the next year. We believe this is a positive step towards increasing transit safety. It is also consistent with best practices, and provides the most protection to bus operators.

The preliminary budgets also provide additional resources to equip transit inspectors with protective vests, and \$100,000 to develop a long-term transit security plan that may include expanding the powers of transit special constables.

The preliminary budgets propose an investment of \$22.2 million to purchase 34 new buses including buses for the opening of Stage 2 of the Southwest Rapid Transitway.

The preliminary budgets propose an investment of \$1 million to enable transit to take the next step towards electrifying the bus fleet. The budgets also propose investments to improve the ridership experience by earmarking over \$1 million for new heated bus shelters in 2019 and a further \$500,000 to improve bus stops for individuals with accessibility requirements.

Looking ahead, completion of the Winnipeg Transit Master Plan is expected to be a critical document in helping guide the planning of investments over the next decade which will position Winnipeg Transit for success in the future by better meeting the needs of passengers and prepare for the transportation requirements of a growing city.

Road Renewal

Investing in road renewal continues to be a top priority for Winnipeggers and the 2019 budgets propose significant investments in this key area.

In 2019, Winnipeg's investment in regional and local road renewal will increase by the full value of the two percent increase in property taxes. This year also marks the first year of a five-year accelerated regional roads investment program jointly funded by Canada, the Province of Manitoba, and the City of Winnipeg.

However, the provincial government has recently made a unilateral decision to not fully fund the final year of a five-year \$250 million road funding commitment to the city that expired at the end of 2018.

Given that the 2018 budget has now closed and projects have been completed with the expectation of receiving this funding from the provincial government, the city is now faced with a very difficult choice in how to address a \$40 million provincial roads funding shortfall from 2018.

Council could choose to increase property taxes by approximately 7.1 percent in 2019 to cover this provincial shortfall which would require the average household to pay approximately \$122.00 more in property taxes this year.

Alternatively, Council could choose to cover the \$40 million provincial shortfall with long term debt which could have negative implications for the city's current credit rating and/or reduce the city's investment in other capital assets.

Instead, we propose a balanced and fiscally prudent approach in the 2019 preliminary budgets. This balanced approach proposes to cover \$20 million of the \$40 million provincial funding shortfall from 2018 using resources from the Local Road Renewal Reserve in 2019, with the remainder of this provincial shortfall to be addressed in 2020.

Furthermore, given the provincial government's decision to not fulfill the final year of its \$250 million road commitment in 2018, it would not be prudent for the city to budget for this level of provincial road support in 2019 and beyond.

In 2019, the city will budget to receive \$17 million from the province in 2019 which reflects their commitments made to date under the accelerated regional roads program.

The city's total investment in new regional and local road renewals in 2019 from all funding sources will be \$86.4 million. This represents a decrease of \$42 million from the projected level of \$128.4 million approved by Council for 2019.

This \$42 million decrease in road renewal investments in 2019 compared to forecast is due to a reduced level of provincial funding on new road renewals in 2019 together with a decision to partially address the provincial road funding shortfall from 2018 out of the local road reserve funds in 2019.

The impact of this funding decrease will mean fewer local road projects will be undertaken in 2019 compared to last year. It will also mean less local roadwork in the future.

Innovation, Transformation & Technology

Building a city whose population is on track to reach one million people requires smart and strategic investments in services and as well as traditional infrastructure such as roads and community centers. However, investments in technology and innovation capital are also important.

The 2019 preliminary budgets include additional investments in technology to address years of deferred improvements for critical services such as minimizing 311 downtime, improving the public's access to open data, as well as renewed investments in emergency services communications by replacing Tait Radio technology.

The preliminary budgets also propose investments in the smart cities program which will include enhancements to our internationally recognized Transportation Management Centre, expanding efforts to alleviate traffic pressures at congested corridors like at-grade train crossings, as well as beginning the process of providing priority traffic signals to emergency vehicles in an effort to improve service levels.

Community Safety

The 2019 preliminary operating budget proposes to invest an historic amount of \$301.4 million in the police service, which reflects an increase of approximately \$10 million or 3.4 percent from 2018.

This year's increase in the police service operating budget will fund negotiated increases associated with the Winnipeg Police Service collective agreement as well as important investments in safety as determined by the Winnipeg Police Board and the Chief of Police.

The 2019 investment in the police service operating budget exceeds the projected level for 2019 and marks the first time that this budget will exceed \$300 million.

The 2019 preliminary operating budget proposes to invest over \$200 million in the fire paramedic service in 2019 which reflects an increase of 4.2 percent from 2018. The majority of this increase is required to fund negotiated increases associated with existing collective agreements.

The 2019 preliminary capital budget proposes an investment of \$16 million in the fire and paramedic service including over \$10 million in a new computer aided dispatch (CAD) system to modernize and improve communications within the fire paramedic service, conditional on receiving cost shared support for this from Shared Health.

The 2019 preliminary budgets also include additional resources to purchase new firefighting equipment and maintain existing fire halls. The preliminary budgets also reflect a full cost recovery of ambulance services by the city from the Province of Manitoba, recognizing that delivery of ambulance services is a provincial responsibility.

Six-year Capital Investment Plan

The city continues to face an immense infrastructure deficit of approximately \$7 billion. About half of this deficit is required to upgrade existing infrastructure and the other half required to invest in new infrastructure to support a growing city.

The preliminary budgets propose a capital investment of \$367.5 million which is a small decrease from the 2018 budget of \$380.1 million. We are able to maintain our capital investment in 2019 at a reasonably comparable level to 2018 despite budgeting to receive a significantly lower level of provincial road investment in 2019 compared to 2018.

External debt in 2019 for new capital investment is \$38.2 million, a decrease from the projected amount in the 2018 budget, and a decrease from the 2018 approved level of \$48 million. Unlike the Province of Manitoba or Federal Government which do not have any debt limits, the City of Winnipeg adheres to a self-imposed debt limit which is among the most stringent of all major cities in Canada. Winnipeg's proposed debt levels for 2019 are well within its self-imposed debt limit.

The city's current State of the Infrastructure Report completed in 2018 indicates that assets within the area of Community Services and Municipal Buildings required significant investments.

The preliminary 2019 capital budget proposes an investment of \$30.6 million in community service assets which is an increase of \$10 million from last year's level and in line with last year's projected investment in this area for 2019.

Included in the overall level of investment for community services in 2019 is a proposal to more than double the funds available for the Community Centre Renovation Grant Program (CCRGP) from the previous level of just under \$1 million to \$2 million in 2019, and \$2 million each year until 2023. The 2019 budget also includes a recommendation to increase the maximum eligible grant under this program to \$100,000 from \$50,000. A report will be brought forward for Council's consideration in 2019 with more details on this proposed increase to the grant levels under the CCRGP.

Over \$5 million is proposed to be invested in on going upgrades to infrastructure within Assiniboine Park, and \$1.75 million is proposed to be invested in the development of a new recreation campus at Grant Park.

A capital investment of over \$18 million is proposed in 2019 for municipal buildings including \$10.4 million to demolish and ready the former public safety building and civic parkade for re-development. An investment of over \$1.6 million is proposed to repair and renovate indoor pools, and over \$500,000 to repair arenas.

Over the next six years, the city's total capital investment is projected to be \$2.3 billion.

Individual strategic capital investments over this six-year period include:

- An investment of over \$800 million to renew the city's existing local and regional roads
- An investment of over \$169 million to reduce the incidence of combined sewer overflows;
- An investment of over \$23 million for in our urban forest enhancement program;
- An investment of over \$22 million in pedestrian and cycling infrastructure and other active transportation assets, and;
- An investment of over \$11.8 million to build a new recreation facility in Waverley West.

In addition, the 2019 budget will include a recommendation for Council to refer an investment of up to \$3 million to the 2020 capital budget to renovate and renew Rainbow Stage, a city-owned asset in Kildonan Park, subject to Rainbow Stage securing matching funds from fundraising and/or other levels of government.

New and ongoing program investments

The 2019 preliminary budgets propose new and ongoing investments to build complete neighbourhoods and strengthen communities including:

- \$11.1 million of operating support for the Assiniboine Park Conservancy;
- \$4.6 million for the Winnipeg Arts Council;
- Fourth year of a five year annual commitment of \$1 million to the Winnipeg Art Gallery Inuit Art Centre;
- \$1.25 million to support the Indigenous Youth Strategy;
- Over \$400,000 to enhance snow clearing on active transportation paths and sidewalks, starting with the 2019 snow season;
- \$150,000 to continue the Community Homeless Assistance Program (CHAT), and;
- Fifth year of a 5 year annual commitment of \$150,000 towards the plan to end homelessness.

Efficiencies & Multi-year Budgets in 2020

Identifying efficiencies and ensuring value for taxpayers continues to be a top priority for the city in 2019. This will become even more critical as the city moves towards a multi-year budget planning framework in 2020.

In 2019, a vacancy management target of \$18 million is proposed to be shared by all departments. This savings target will be achieved by holding existing vacant positions vacant for a longer period of time and by deferring the filling of newly vacated positions as existing employees leave employment. This exercise will not involve any layoffs of current city employees.

The city's Chief Administrative Officer will be given delegated authority to allocate this additional vacancy management target among city departments in order to minimize the impact of this measure on front line service delivery.

In addition, the 2019 preliminary budgets include a total of just under \$12 million of efficiency savings to be held corporately as well as \$1.6 million of expenditure management savings to be allocated among all departments on a pro rata basis.

Finally, in preparation for the 2020 budgets which are expected to be the first capital and operating budgets to be balanced on a multi-year basis, this year's budget will include recommendations for the public service to report back in 2019 with the following information:

- An analysis of the city's core service responsibilities under *The City of Winnipeg Charter* and any other relevant legislation;
- A plan to introduce an evaluation framework to review current and future city grants;
- A review of the city's current fees and charges; and
- A review of the city's unfunded capital projects.

These reports, along with significant planning documents such as the Transit Master Plan and the OurWinnipeg review and Asset Management Plan will be used to make the difficult planning decisions required to balance the city's capital and operating budgets on a multi-year basis starting in 2020.

Conclusion

Over the next 25 years, Winnipeg's population is expected to chart strong and steady increases. On average, population growth over the next 25 years in Winnipeg is estimated to increase by 8,200 people per year. This means Winnipeg is expected to add the equivalent population to the City of Morden each year over the next 25 years.

We can achieve this by working closely with the federal government to maximize Winnipeg's share of infrastructure funding. We will work with our provincial government to ensure Winnipeg receives not only a fair say in how provincial grants are spent, but also access to stable and predictable funding. And, we must continue to review and scrutinize expenditures to ensure we are investing tax dollars in ways that provide maximum benefit and value to taxpayers.

We now invite all residents and members of Council to continue the discussion to finalize the preliminary 2019 operating and capital budgets.

Respectfully submitted,

Brian Bowman
MAYOR

Scott Gillingham
CHAIR, Standing Policy Committee on Finance

OPERATING BUDGET RECOMMENDATIONS

1. That the following recommendations with respect to the 2019 - 2021 Preliminary Operating Budget be approved:
 - A.
 - i. That the 2019 Preliminary Operating Budget, including the budgets for reserves (Appendix 3), be reviewed and submitted to Council for approval; and
 - ii. That the 2020 and 2021 projections be received and submitted to Council as information on the preliminary financial plans for those years.
 - B. That the City's mill rate be increased from 12.987 to 13.290 in 2019, for the purpose of raising revenue as required for the annual operating budget.

Note: This mill rate of 13.290 in 2019 includes a 1% property tax increase dedicated to the renewal of local streets, lanes and sidewalks; a 1% property tax increase dedicated to the renewal of regional streets and sidewalks, and; a .33% property tax increase dedicated for payments for the Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass project, for a total property tax increase of 2.33%.
 - C.
 - i. That the City's business tax rate be decreased from 5.14% to 4.97% in 2019; and
 - ii. That Council enact the attached Small Business Tax Credit by-law under subsection 219(2) of the City of Winnipeg Charter, which will provide a full rebate of municipal business taxes for businesses with an annual rental value of \$33,900 or less in 2019 (\$33,300 in 2018).
 - D. That the fees (Appendix 7), levies and transfers between funds outlined in the 2019 Operating Budget be approved.
 - E. That Council approve the amended (attached) Water and Sewer Utility Dividend Policy, which reduces the dividend payment to the City from 12% to 11% of budgeted gross sales effective January 1, 2019, which will be transferred to the City each year.
 - F. That a transfer of \$10,303,733 from the Financial Stabilization Reserve Fund to the General Revenue Fund be made in 2019.

- G. That a transfer of \$70 million from the Sewage Disposal System Fund to the Environmental Projects Reserve be made in 2019 to support the North End Treatment Plant (NEWPCC) Upgrade projects.
- H. That \$2,524,798 in prior years' tax supported cash to capital surplus, identified in Appendix 5D due to capital projects coming under budget, be utilized to reduce the transfer to the General Capital Fund in the 2019 tax supported operating budget.
- I. That a transfer of \$220,690 from Building Communities Initiative capital project surplus (project now closed and completed) to the Land Dedication Reserve be made in 2019, with the funds allocated to respective Council wards as set out in Appendix 6.
- J. That Council approve a transfer of \$100,000 annually for each of the next 4 years starting in 2019 from the Civic Initiatives, Promotional and Protocol grant program to the General Purpose Reserve Fund to support the establishment of a Community Safety and Crime Prevention program.
- K. That on-street parking meter rates for 2019 be kept at the same levels as 2018.
- L. That the Winnipeg Parking Authority be directed to return to the appropriate committee of Council in 2019 with an analysis of current parking rates, including consultation with stakeholders to determine any recommendations for future changes to these rates.
- M. That consistent with prior direction provided by the Executive Policy Committee, the Public Service continue to pursue a new agreement with Shared Health Services for the provision of Emergency Medical Services by the City that reflects full cost recovery from Shared Health.
- N. That in accordance with the December 12, 2017 Council decision to remove any restrictions regarding the use of the net proceeds from the sale of the Winnipeg Square Parkade (as set aside in the November 25, 2009 Council report and any subsequent related reports) in the Winnipeg Parking Authority Special Operating Agency (WPA), a transfer of \$4.405 million of such net proceeds currently held in the Land Operating Reserve be made to the General Capital Fund for the Public Safety Building and Civic Centre Parkade capital project as contained in the 2019 capital budget.
- O.
 - i. That prior to payment of any monies approved in the 2019 operating budget, the City enter into, execute and deliver a grant agreement with each grant recipient, and the Chief Financial Officer be authorized to negotiate and approve the terms and conditions of each grant agreement in accordance with the budgetary approval and such other terms and conditions deemed

necessary by the City Solicitor/Director of Legal Services to protect the interests of the City;

- ii. That Council approve grant delegations as indicated in Appendix 2; and
 - iii. That the Chief Operating Officer of the Winnipeg Parking Authority Special Operating Agency (WPA) be delegated authority to approve in-kind requests from charitable organizations for the donation of “use of paid parking” (such as on-street parking permits, WPA parking closure fees, etc.) up to an aggregate total of \$260,000 in 2019 only. These must be provided to those organizations who have received this support in the past. These in-kind grants would be included in the review as noted in recommendation V.i.b) below and be addressed as part of the 2020 budget process.
- P. That, as a result of 2019 grant monies for the Indigenous Youth Strategy program being provided by the City and expended by third party organizations over a two year period (2019/2020), the City enter into multi-year grant agreements with respect to such grants.
- Q. That the Computer Replacement Reserve be terminated effective January 1, 2019 and replaced with a new Computer, Critical Systems and Support Reserve in accordance with section 289 of the City of Winnipeg Charter;
- i. That the purpose of the reserve be to provide funding for the upgrade and replacement of hardware and/or software of both personal computers and city-wide critical systems and support resources. Critical system hardware elements include shared enterprise storage, servers and other hardware components. Critical system software elements include server operating systems, server virtualization, database, e-mail and other supporting software. Support resources are for salaries and benefits of additional staff hours or contractors required to support city-wide systems;
 - ii. That this reserve continue to be funded through annual contributions from departments for computer related hardware and software based upon the projected purchase cost of the replacement;
 - iii. That the Fund Manager of the reserve be the Chief Innovation Officer; and
 - iv. That the balance of funds in the Computer Replacement Reserve be transferred to the new Computer, Critical Systems and Support Reserve, effective January 1, 2019.

- R. That Council approve effective January 1, 2019, the transfer of the property management function from the Municipal Accommodations Fund, inclusive of related budgeted positions, to the newly created Real Estate and Land Development Division within the General Revenue Fund on a budget and FTE complement neutral basis.
- S. That Council close the Library Trust and Portage and Main Concourse Funds effective January 1, 2019 with any remaining surplus balance to be transferred to an appropriate deferred revenue account in the General Revenue Fund.
- T.
 - i. That Council approve the establishment of a Low Income Bus Pass Program effective April 1, 2020 reflecting discounted fares commencing at 30% at date of implementation, 40% in 2021 and 50% in 2022, and that Transit Department report back to Council within 180 days setting out program funding and implementation details; and
 - ii. That Council approve the 2019 capital budget of \$236,000 and approve in principle the 2021 capital forecast of \$139,000 for the technical and administrative set-up of the program. These will be funded by Transit Retained Earnings.
- U.
 - i. That the Chief Administrative Officer or designate be delegated the authority to manage vacancies within City departments and administrative units within the scope of the 2019 operating budget without affecting the general level of public services as identified in the operating budget or overall civic staff establishment; and
 - ii. That Special Operating Agencies include a budget for vacancy management, as is the practice for other City departments, to be transferred to the tax-supported fund and managed in a similar manner as set out in recommendation 1.U.i. above.
- V.
 - i. That the Chief Administrative Officer be directed to report back to the appropriate committee of Council on the following items in 2019, in preparation of the multi-year budget planning process for 2020:
 - a) A review of the City's core service delivery responsibilities under The City of Winnipeg Charter and any other relevant legislation;
 - b) An evaluation framework to review all current and any future City grants. This framework shall include, but not necessarily be limited to, a review of each the respective grants' alignment with the core service responsibilities of the City as well as an assessment of the outcomes that are or will be achieved from each of the grants;

- c) Recommendations on any changes to the City's current fees and charges based on an assessment of best practices in other jurisdictions and the cost of service delivery; and
 - d) Prioritization list of unfunded major capital projects.
- ii. That the Public Service ensure that the updated OurWinnipeg, the Transit Operational Review, the City's Asset Management Plan and any other significant City planning documents be used as guiding documents in the 2020 multi-year budget process.
- S. That the Chief Financial Officer be delegated the authority to restate the budget subsequent to adoption to reallocate amounts to departments to reflect Council's ratification of collective agreements, Council's approval of decisions with budget implications, as well as Corporate cost reduction measures, including efficiency savings and the impact of any decisions made in recommendation 1.U. if required, on a budget neutral basis.
- T. That the City Solicitor/ Director of Legal Services be requested to submit the necessary by-laws and policy amendments to implement the above recommendations.

CAPITAL BUDGET RECOMMENDATIONS

- 2. That the following recommendations with respect to the 2019 Preliminary Capital Budget and 2020 to 2024 Five Year Forecast be approved:
 - A.
 - i. That the 2019 Preliminary Capital Budget, totaling \$367.515 million be reviewed and submitted to Council for approval;
 - ii. That new capital borrowing authority be approved as follows:
 - a) \$38.187 million external borrowing for 2019 tax-supported operations, including Transit and Municipal Accommodations; and
 - b) \$34.900 million external borrowing for 2019 tax-supported internal financing including Municipal Accommodations.

Note: The borrowing authority for Winnipeg Fleet Management Special Operating Agency (SOA) is approved as part of the SOA's 2019 to 2021 business plan report.

- iii. That the 2020 to 2024 Five Year Capital Forecast be reviewed and submitted to Council for adoption in principle.

B. That the cash to capital contribution be as follows:

<u>Year</u>	<u>\$ Millions</u>
2019	21.010
2020	65.141
2021	66.565
2022	71.178
2023	65.136
2024	71.178

Note: For 2020 to 2024 cash to capital balances, see “Financial Sustainability” slide in Volume 2, Overview section and t Volume 3, Capital Projects Summary section, page 1-i, note 2.

C. That all other transfers from prior years’ surplus, to/from reserves and other funds outlined in the capital budget be approved.

D. That Council authorize expenditures on the following projects in 2019 or prior to the adoption of the 2020 capital budget as a first charge against the General Capital Fund, in accordance with Subsection 288(2) of the City of Winnipeg Charter, to facilitate timely work on the projects:

- i. Up to \$6.7 million for preliminary engineering design for various Accelerated Regional Street Renewal projects;
- ii. Up to \$12.186 million for the Fermor Avenue – Lagimodiere to Plessis Accelerated Regional Street Renewal project;
- iii. Up to \$6.7 million for the Dublin Avenue – Notre Dame to St. James Accelerated Regional Street Renewal project;
- iv. Up to \$2.7 million for the St. James Street – Dublin to Saskatchewan Accelerated Regional Street Renewal project;
- v. Up to \$3.3 million for the Dublin Avenue Bridge (Omand’s Creek) project.

E. That Council refer for consideration in the 2020 budget an investment of up to \$3 million for the repairs and upgrades to Rainbow Stage in Kildonan Park, subject to the Board of Rainbow Stage securing matching funds for this project from other levels of government and/or private fundraising.

F. That Transit Department be directed to report back to the appropriate committee of Council with a funding strategy and implementation plan for additional heated bus shelters concurrent with the result of Transit’s Master Plan.

- G.
 - i. That Council approve a \$20 million allocation from the 2019 Local Street Renewal Reserve in order to complete and fund the 2018 local street renewal capital projects. The loss of Provincial roads funding budgeted in 2018 resulted in capital budget shortfall of \$40 million (\$50 million budget less \$10 million commitment) of which \$20 million is addressed in the 2019 capital budget; and
 - ii. That the remaining \$20 million roads funding shortfall due to the loss of provincial funding be referred to the 2020 capital budget process as reflected in the capital forecast.
 - H.
 - i. That Council approve the annual transfer of \$1.035 million from the Financial Stabilization Reserve to the Community Centre Renovation Grant Program starting in 2019 up to 2023; and
 - ii. That the Chief Administrative Officer be directed to report back to the appropriate committee of Council with a review and update of the Community Centre Renovation Grant Program including but not limited to an evaluation criteria and increased maximum funding threshold per project from \$50,000 (inclusive of all applicable taxes) to \$100,000 (inclusive of all applicable taxes).
 - I. That a transfer from Land Operating Reserve to the General Capital Fund be made in 2019 to a maximum of \$7.37 million which includes the \$4.405 million in recommendation 1.N., and up to \$235,000 to the General Revenue Fund, provided the reserve's unallocated equity balance does not enter into a deficit position. Should the unallocated equity balance be such that the full transfer cannot be made, any shortfall will be addressed during 2019.
 - J. That the Chief Financial Officer be given the authority to redistribute financing sources, including provincial funding, federal gas tax revenue, cash to capital, debt financing and others in accordance with Council approved borrowing by-laws, provided the total approved financing is not exceeded, to ensure the most effective use and timing of financing sources.
 - K. That the City Solicitor/ Director of Legal Services be requested to submit the necessary borrowing by-law directly to Council.
3. That Council approve a change to the local and regional street renewal reserves to include the repair, renewal and/or replacement of bridges as an eligible expense to be funded from these reserves.
 4. That the Proper Officers of the City be authorized to do all things necessary to implement the foregoing.

POLICY TITLE <i>Utility Dividend Policy</i>	ADOPTED BY <i>City Council</i>	EFFECTIVE DATE
ORIGIN / AUTHORITY <i>City Council</i>	CITY POLICY NO <i>WW-006</i>	MOST RECENT CONSOLIDATION

1. Purpose:

The purpose of this Policy is to set fiscal guidelines to govern the dividend payment from the Utility to the City of Winnipeg.

2. Definitions:

- 2.1 “**dividend payment**” means the annual amount payable to the City by the Utility.
- 2.2 “**gross sales**” means the total water and sewer services rate revenues in a fiscal year.
- 2.3 “**Utility**” includes both the City of Winnipeg water utility and sewer utility, but does not include the City of Winnipeg solid waste utility.

3. Water and Sewer Utility Dividend Policy

- 3.1 The dividend payment to the City will be 11% of budget gross sales effective January 1, 2019, which will be transferred to the City in each year.

4. Responsibilities

- 4.1 **Council** – will review this Policy every 4 years (within three months of every new term of Council).

Reader's Guide

This **Reader's Guide** is intended to provide the reader with a basic understanding of Volume 2 of the budget documents developed from the budgeting process, as well as briefly describe the document's content and layout.

The budget documents have several purposes:

- As a **policy document**, they outline the financial policies that guide the development of the budget as well as articulate financial priorities and issues;
- As a **financial plan**, they provide, in dollar terms, the plans for the next several years;
- As an **operating guide**, the budget documents help City departments manage their day-to-day operations by providing important financial and policy information and by identifying the financial and staffing resources available to carry out their activities; and
- As a **communications device**, the documents give all readers a comprehensive look at the services provided by the City and the costs related to those services.

Volume 2 provides summary and detailed budget information on 2019 operations and 2020 and 2021 projections; and summary information on capital projects including financing for the capital program, set out in the following sections:

The very front of the book includes the 2018 GFOA budget award; City of Winnipeg Council; 2019 Letter from the Mayor and the Chairperson of the Standing Policy Committee on Finance that provides key information for the budget such as the City priorities, current budgets and financial challenges; and the budget recommendations to be submitted to Council for approval.

Section 1 - the Overview section provides key information about the operating and capital budgets.

- ❖ **Reader's Guide**
- ❖ **2019 Budget at a Glance** identifies and summarizes the City budgets for major funds.
- ❖ **Basis of Budgeting** and **Budget Process** provide the guidelines and key steps in developing the budget.
- ❖ **Budget Presentation** provides information about the public consultation process, budget context and highlights, how the operating and capital dollars are to be spent and future budget challenges.

Section 2 - Service Based Budget

- ❖ The **Financial Summary** section provides a listing of all City services and the Standing Policy Committee responsible for each, together with a summary of the revenue, investment and full time equivalents (FTEs) related to each service. Page references on the Financial Summary direct the reader to more detailed information by service on the pages to follow.
- ❖ The **Detailed Service Based Budget** section, categorized by responsible Standing Policy Committee, gives additional information about each service, including description, key goals, service level statistics, multi-year operating budgets and actuals by major account categories, revenue, expense and full-time equivalent position variance explanations, sub-services, as well as hi-level summary information of reserves and capital budget investments relevant to the service.

Section 3 - the Appendices provide additional context information in support of the rest of the budget document.

2019 BUDGET AT A GLANCE

(In millions of \$)

Revenue

	2018 Budget (Restated)	2019 Preliminary Budget
Tax Supported Operations	1,082.1	1,124.8
Utilities	649.2	652.6
Special Operating Agencies	78.1	81.3
Reserves	222.4	311.9
Capital	380.1	367.5
Total Revenue	2,411.9	2,538.1

Expenditures

	2018 Budget (Restated)	2019 Preliminary Budget
Tax Supported Operations	1,082.1	1,124.8
Utilities	593.2	685.2
Special Operating Agencies	84.2	89.3
Reserves	192.7	260.6
Capital	380.1	367.5
Total Expenditures	2,332.3	2,527.4

Surplus / (Deficit) before Other Adjustments	79.6	10.7
---	-------------	-------------

Notes:

- The budgets are presented on a gross basis and are not "consolidated"; therefore, inter-fund transactions have not been eliminated.
- The entity's audited financial statements are prepared on a consolidated basis and can be found on the City website: http://www.winnipeg.ca/finance/documents_page.stm.
- The consolidated budget for 2018 can be found in Appendix 9 of Volume 2.
- The beginning and ending balance in the General Revenue Fund is zero.
- A detailed list of reserve funds can be found in Appendix 3 of Volume 2.

Basis of Budgeting

The 2019 to 2021 Tax Supported Operating Budget is balanced in 2019 with the 2020 and 2021 projections not yet complete, requiring further work in those years to balance revenues and expenditures. The 2019 Preliminary Operating Budget will go to Council for adoption in March 2019 and 2020 and 2021 projections will be received as information.

The City prepares a six-year capital investment plan, including related funding sources. The first year is adopted by Council and the five-year forecast is adopted in principle. The six-year capital view is required by legislation (The City of Winnipeg Charter). The preliminary capital budget for 2019 and five-year forecast will go to Council for adoption and adoption in principle, respectively in March 2019.

The City budgets for several funds – the capital fund; the general revenue or tax-supported fund; utility operations (Transit, Waterworks, Sewage Disposal, Solid Waste Disposal, Land Drainage, Municipal Accommodations); and Special Operating Agencies (Animal Services, Golf Services, Parking Authority and Fleet Management). Transfers to or from the General Revenue Fund and between funds are included in the budget. In addition, revenues and expenses for capital and special purpose reserves are included in the budget (see Appendix 3).

The basis of budgeting for the City is described in more detail in the following sections:

Expense and Revenue Recognition

The City of Winnipeg develops its operating budget for tax supported and utility operations on a modified accrual basis. The modified accrual basis of accounting records revenue when it is earned, measurable and available. Expenditures are recognized when the liability is incurred, except for certain expenses, for example, those associated with retirement allowances, accrued vacation, worker's compensation, compensated absences, and landfill liabilities which are budgeted on a cash basis. Debt servicing payments are budgeted for when due (depreciation of assets is not budgeted). Revenue from land sales is recorded in accordance with accounting principles used within the real estate industry.

The City uses the full accrual basis of accounting. Revenue is recorded as it is earned and measurable. Expenses are recognized as they are incurred and measurable based on receipt of goods and/or the legal obligation to pay. The City's financial statements are developed in accordance with generally accepted accounting principles for local governments, as recommended by Public Sector Accounting Board (PSAB).

Capital Assets

Capital assets are generally defined as those with a cost exceeding \$100,000 (non-recurring capital projects and recurring/ongoing capital programs) with a minimum 10-year life. These assets are budgeted for in the capital budget and the financing costs are expensed in the operating budgets. Major equipment or automated systems development projects are also included in the capital budget although their useful life may be less than 10 years. Land acquisition and local improvements are considered capital works regardless of expected cost. Smaller asset purchases are expensed in the operating budgets.

A multi-criteria approach to prioritize capital investment based on a triple bottom line approach, which includes assessing projects based on social, economic and environmental factors, has been developed as part of the City's asset management initiative. This annual prioritization tool is available to all departments and facilitates the development of their capital budget submission.

Service-Based Budget

The City reports budget information on a service-based basis (how much the service will cost and how the service is to be funded), regardless of which area or department delivers the service. The service-based budget is intended to provide more transparent reporting and a more direct link between budgets provided and the services delivered. As part of the budget document a more traditional, by department view is also provided (see Appendix 1, volume 2).

Capital Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expense as incurred.

Debt and Debt Payments

The City may only incur debt for the purposes of capital expenditures. With the approval of the Provincial Minister of Finance, a borrowing by-law is passed by Council which authorizes borrowing for the capital budget.

Annual payments of principal and interest are budgeted in the City's operating budget as debt and finance charges.

Consolidation

The annual operating budget adopted by Council provides the spending authorization for each fund, and therefore the current year budget is adopted on a non-consolidated basis. That is, inter-fund transactions have not been eliminated in order to ensure full spending authority is provided. However, each year in the budget document, a consolidated budget is prepared for the current year which eliminates inter-fund transactions. This consolidated budget is then available each year-end to allow comparison and variance reporting to the annual financial statements, also prepared on a consolidated basis.

Balanced Operating Budgets

The City of Winnipeg Charter requires that the City adopt a balanced operating budget for the current year (estimated expenditures for a fiscal year do not exceed the estimated revenues for the year). Council policy provides that year-end surplus be transferred to the Financial Stabilization Reserve. Any operating deficits arising in-year must be addressed in the next year's budget.

Reserves

Reserves are established by Council, as required for future financial commitments and are operated under the regulations and policies prescribed by provincial legislation or City by-laws as applicable. Budgets are prepared for reserve expenditures and revenues, and transfers to and from reserves are included in the tax-supported, utility, and capital budgets.

Fees and Charges

A Fees and Charges Schedule is published annually in accordance with the Fees and Charges By-Law (196/2008) to identify the current fees and charges administered by the City of Winnipeg and the authority under which they are administered. The Chief Financial Officer is authorized to increase annually any fee imposed by the City by an amount equal to or less than the rate of inflation. New fees or fee increases greater than inflation must be approved by Council unless specifically otherwise delegated. Normally new fees or fee increases greater than inflation would be included as part of the annual budget process.

Long-Term Capital Forecasting

Asset Management Policy F1-001 (adopted by Council on January 28, 2015), states that the Public Service will implement a comprehensive approach to managing the City's assets, to meet established levels of service at the lowest overall cost of ownership, at an acceptable level of risk. Winnipeg's City Asset Management Plan (CAMP) and the State of the Infrastructure Report (SOIR) were released in 2018. The CAMP summarizes the inventory, overall replacement value, age and condition of the City's major asset groups. It also outlines the funding deficit and strategies associated with meeting assumed levels of service for existing and new infrastructure. In addition, this report serves as an action plan for continual improvement initiatives across the entire organization. Winnipeg's CAMP and the annual capital budget process are the tools to implement the city's long-term capital planning process.

2019 Budget Process*

Performance Measurement

April to July
2018

- Departments report and analyze performance measures to assess performance against previous years, other municipalities, targets, and citizen satisfaction.
- The results of this process as well as economic and demographic trends are published in budget Volume 1 Community Trends and Performance Report.

Public Consultation

April to May
2018

- Budget Consultation allows citizens to provide feedback through various avenues including online and in-person options in the community.
- An annual citizen survey is also undertaken.

Call Letter

May 2018

- Each year, the Chief Financial Officer issues the Budget Call Letter, launching the annual budget process.
- Unless otherwise specified, the operating budget submission is comprised of three years; the budget year and two projection years. The capital budget submission is comprised of six years; the budget year and a five year capital forecast.

Budget Development

May 2018 to
February 2019

- The previous year's adopted budget, adjusted to reflect recent City Council approvals and any new developments, forms the starting point for budget development.
- Budgets are updated by the departments and submitted for administrative review and corporate compilation.
- The Executive Policy Committee has responsibility for budget development.

October 24
2018

- Civic Election

Table Preliminary Budgets

March 2019

- The Preliminary Operating and Capital Budgets are tabled at a meeting of Executive Policy Committee.

**Committee
Review**

March 2019

- The Executive Policy Committee refers the preliminary operating and capital budget to the City's Standing Policy Committees for review and recommendations. Each Committee reviews the part of the budget related to its jurisdiction:
 - Infrastructure Renewal and Public Works,
 - Water and Waste, Riverbank Management and the Environment,
 - Property and Development, Heritage and Downtown Development,
 - Protection, Community Services and Parks
 - Innovation, and
 - The Winnipeg Police Board.
- The Committees hear presentations by departments. Members of the public and interest groups may also make presentations at these meetings.
- The Executive Policy Committee provides for delegations from the public and reviews the recommendations from the Standing Policy Committees. Recommendations are finalized by the Executive Policy Committee and forwarded to Council.
- See the last page of the budget presentation (Overview tab) for listing of Committee review dates.

**Council
Approval**

March 20, 2019

- Council debates, amends, and adopts the operating and capital budget forwarded from the Executive Policy Committee.
- Council then passes a by-law to set the mill rate for the operating tax-supported budget.
- Council also gives first reading of a borrowing by-law to externally finance the capital program, if required. In accordance with legislation, approval of the borrowing is then requested of the Provincial Minister of Finance. Once authorization is received from the Minister, Council gives second and third readings of the by-law before it is passed.
- Council must adopt the operating budget no later than March 31 each year, and the capital budget and five-year forecast by December 31 each year, as required by "*The City of Winnipeg Charter*".

*Dates noted above vary for each budget process.

- Projected Tax Supported Operating Budget shortfall for 2019 from 2018 process was \$85.9 million
- Addressing shortfalls in provincial funding
- Maintaining fiscal discipline in delivering services
- Developing a plan for financial sustainability
 - To address
 - Structural deficit in operating budget
 - Aging infrastructure and infrastructure deficit
 - Multi-year balanced budget

Tax Supported Operating Budget

In Millions of \$	2018 Adopted Budget	2019 Preliminary Budget
REVENUE		
Property Taxes	\$ 585.6	\$ 607.7
Business Taxes	56.9	56.9
Other	439.6	460.2
TOTAL REVENUE	\$ 1,082.1	\$ 1,124.8
EXPENDITURES		
Departmental	\$ 1,008.3	\$ 1,044.8
Corporate	73.8	80.0
TOTAL EXPENDITURES	\$ 1,082.1	\$ 1,124.8
SURPLUS / (DEFICIT)	\$ -	\$ -

Total Tax Supported Budget reflects an increase of 3.9%

Utilities Operating Budget

In Millions of \$	2018 Adopted Budget	2019 Preliminary Budget
TOTAL REVENUE	\$ 649.2	\$ 652.6
EXPENDITURES		
Sewage Disposal *	\$ 155.8	\$ 233.6
Solid Waste Disposal	50.1	52.3
Waterworks	115.5	116.9
Land Drainage	6.0	5.7
Transit	193.7	204.2
Municipal Accommodations	72.1	72.4
TOTAL EXPENDITURES	\$ 593.2	\$ 685.2
SURPLUS / (DEFICIT)	\$ 56.0	\$ (32.5)

* Sewage Disposal includes \$70 million one-time transfer to the Environmental Projects Reserve

Some utilities maintain a retained earnings / working capital balance

2019 Preliminary Capital Budget and Five Year Forecast

In Millions of \$	2019 Preliminary Budget	2020 to 2024 Forecast	6-year Total
Tax Supported	\$ 186.1	\$ 1,078.7	\$ 1,264.8
Utilities	158.0	774.1	932.1
Special Operating Agencies	23.4	85.5	108.9
TOTAL	\$ 367.5	\$ 1,938.3	\$ 2,305.8

Cash to capital contributed in 2019 totaled \$21 million which is less than amounts projected

Property and Business Taxes

- Combined 2.33% property tax increase
 - 2% property tax increase dedicated to capital (1% to each of Regional and Local Street Renewal Programs)
 - 0.33% property tax increase dedicated for future payments for the Southwest Rapid Transitway (Stage 2)
- Business Tax rate reduced from 5.14% to 4.97%
 - Full rebate of municipal business taxes for businesses that have a rental value of \$33,900 or less in 2019 (\$33,300 in 2018)
 - Impacts 48% of all businesses
 - Approximately 5,842 businesses will benefit

2019 Revenue Highlights

Fees

- Waste diversion fee to increase from \$57.50 to \$63.00 per property
- No impact fee as a funding source, increased by construction inflation (3.5%)
- Remaining fees and charges to increase by inflation (1.6%)
- No increase in water and sewer rates in 2019
- No frontage levy rate increases
- No new fees

Other Revenue

- Reduced water and sewer dividend from 12% to 11%. Reduced revenue of \$4.0 million due to dividend rate and water and sewer sales volume changes (2019 - \$34.2 million; 2018 - \$38.2 million). Savings to fund water and sewer projects
- Provincial operating and public safety grants from levels set in 2017 at \$139 million
- Provincial capital funding
 - 2019/2020 - \$84.7 million (\$83.6 million in 2018/2019)
 - 2020/2021 - \$40.2 million
 - Amounts to be confirmed from the Province's annual budget
- One time transfers from reserves and other sources \$28.9 million
 - Including transfer from Financial stabilization reserve \$10.3 million

Implications of 2018 Provincial Capital Funding

- Other funding implications of the recent proposal
 - Province’s current allocation proposal only commits \$10 million to roads and streets, leaving **\$40 million** of road projects unfunded
 - If a transfer from Water & Waste is required there would be a further shortfall of **\$34.4 million** in the Utility
 - Resulting in a total funding shortfall of **\$74.4 million**

* As of February 1, 2019 the amount due to the City for Provincial grants was \$89.8 million. Subsequently, payments of \$16.2 million were received, leaving a balance of \$73.6 million

Preliminary 2109 Budget - Overview

Tax Supported Budget

Graph 2: Budgeted Cash to Capital Investment - 10 Year Projection

2019 Capital Budget Highlights

- The City is challenged by aging infrastructure and the infrastructure deficit
- Provincial capital funding for 2019 and beyond has not been confirmed
- Structural deficit in the operating budget
- The capital budget therefore includes the following measures:
 - Total external debt financing is \$38.2 million in 2019 (\$48.2 million in 2018)
 - The City will use internal financing of \$34.9 million (\$22.1 million in 2018) from its cash balances to invest in certain capital assets. Internal financing will be repaid through future operating budgets
 - Fleet debt borrowing is \$22.3 million, combination of external and internal sources (\$21.2 million in 2018)
 - Partnerships with other levels of government to fund priority projects (Public Transit Infrastructure Fund (PTIF), New Building Canada Fund program)
 - Reduced cash to capital in 2019 to \$21.0 million (\$23.3 million in 2018) in maintaining services in the operating budget

Continued Dedicated Funding Plan for Street Renewal

- 2% property tax increase funds reserves dedicated to the renewal of regional and local streets, back lanes and sidewalks in the capital program
- Tri-level government funding for regional roads
 - Enhance driver and pedestrian safety
 - Improve transportation routes for businesses
 - Total 5-year program from 2019 to 2023 - \$318.5 million
 - Additional \$100 million Federal funding from New Building Canada Fund
 - Provincial funding \$100 million
 - City share \$118.5 million

2019 Street Renewal Capital Program – \$86.4 million

- Total forecast as approved by Council on September 20, 2018
\$128.4 million

Comparison of 2019 Preliminary and 2019 Forecast	
Decrease due to loss of Provincial funding for 2019 regional (\$8 million) and local (\$20 million) streets	(\$28.0) million
Decrease due to loss of Provincial funding for 2018 local streets	(\$20.0) million
City funding - Prior Year Surplus	6.0 million
Total Decrease	(42.0) million

- A decrease of \$29.6 million in comparison to 2018 capital program (\$116.0 million)

6-Year Street Renewal Program

6 – Year Program	
2019	86.4 Million
2020	111.6 Million
2021	154.1 Million
2022	164.5 Million
2023	147.3 Million
2024	137.9 Million
Total	\$ 801.8 Million

- 2018 to 2023 program - \$811.0 million
- 2019 to 2024 program as per Council report September 20, 2018 - \$976.2 million
- Both bullets above include 6-year Provincial funding \$245 million
- Current 6-year Provincial funding level - \$100 million

Transit Investments

- A freeze on transit fares at 2018 levels
- Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass Project – Ongoing
 - Continued multi-year funding plan, including a tax increase of 0.33% for ten years beginning in 2016
- Federal / City partnership for Transit Infrastructure - \$2.5 million / \$2.8 million
- Transit Buses - \$22.2 million, 34 buses
- Transit operating expenditures of \$204.2 million (\$193.7 million in 2018)
- Tax Supported transit subsidy \$70.6 million (\$66.4 million in 2018)

Transit Investments

- Continued implementation of safety enhancements
 - Bus operator compartment safety shields - \$3.1 million
 - Bus communication modernization - \$1.1 million
 - Radio replacement - \$1 million
 - Protective vests \$65,000 and safety study \$100,000
 - Study to move closer to bus fleet electrification
 - Initial investment for heated bus shelters
 - Low income bus pass effective April 2020
 - Phased-in approach *
 - 30% discount on full fare adult monthly pass in 2020
 - 40% in 2021
 - 50% in 2022
- * Pending approval of the required resources as part of either a subsequent report or the 2020 budget process

Safe and Secure Communities – Public Safety

Winnipeg Police Service

- Operating expenditures \$301.4 million
 - Increase 3.4%
- 6-year capital program \$25.5 million

Winnipeg Fire Paramedic Service

- Operating expenditures \$201.5 million
 - Increase 4.2%
- Includes full cost recovery of ambulance services
- 6-year capital program \$47.5 million

Public Safety comprises 45% of total tax supported operating budget

2019 Departmental Highlights

Safe and Secure Communities

Public Works

- Operating expenditures \$244.7 million
 - Includes winter maintenance for active transportation network
- 6-year capital program \$990.2 million

Libraries

Community Services

- Operating expenditures \$113.8 million
- 6-year capital program \$112.8 million
 - Increase of 50% in 2019 budget over 2018

City Planning & Design

Planning, Property and Development

- Operating expenditures \$43.9 million
- 6-year capital program \$65.8 million

Environmental Investments in Water and Waste

- Meeting regulatory compliance requirements and protecting public health and safety
- Maintaining infrastructure to ensure ongoing, reliable and sustainable customer levels of service
 - 6-year program for Water Main Renewals \$113.0 million and Sewer Renewals \$117.0 million
 - 6-year capital budget for Water and Waste - \$648.2 million
- Combined Sewer Overflow and Basement Flooding Strategy
 - 2015 – 2018 budgets \$78.1 million
 - 2019 budget and 2020 to 2022 forecasts total \$116.9 million
 - Cumulative 4-year increase of 50%
- Utility Dividend
 - Waterworks - \$13.9 million (\$15.5 million in 2018)
 - Sewage Disposal - \$20.3 million (\$22.7 million in 2018)

Innovation, Transformation and Technology

- Technology investments the city relies upon must be maintained:
 - Radio communication for non-public safety staff
 - Microsoft Office product mandatory upgrades
 - Replacement of technology that is outdated and no longer reliable
- Innovation opportunities must be pursued across all service areas. Some initiatives to achieve improved service are:
 - Expanded use of Transportation Management Centre (TMC) to maximize value of road renewal investments, and leverage its communication network to introduce other sensors and monitoring opportunities (e.g. water level sensors, train movements, snow covering sensors)
 - Streamlining of business processes, targeting under-performing services to improve resident impact (e.g. PEGGO, permit process, inspections)
 - Implementing Smart Cities approaches with enhanced data sharing across services and with citizens
 - Undertaking innovation pilots to validate high value opportunities quickly and with low risk (e.g. automated customer agents, increased citizen access to city information)

Innovation, Transformation and Technology

- \$9.4 million in Core Information Technology capital projects to maintain existing information technology and deliver high value enhancements
 - Core investments – city wide licensing, unreliable equipment replacement, minimize service downtime
 - Security – improvement to extensive deferred data and system security investments
 - PeopleSoft Enhancements – required for mandatory updates to city wide Human Resources and Finance systems
 - Enterprise Content Management – investments to business processes supporting the Decision Making Information System, and to drive efficiency and enhanced service delivery across the City
- \$1.0 million Innovation capital project in 2019 to establish innovation capability and execute highest value innovation opportunities
 - Building upon the Innovation Strategy Program initiated in 2018
- \$1.0 million Smart Cities capital funding to improve the City through innovation, data and connected technology

Strategic Investments

- Community Centre Renovation Grant program increasing from \$965,000 to \$2.0 million annually for five years (2019 to 2023)
- Active Transportation (AT) Facilities - \$3.0 million
 - AT budget in other projects \$6.7 million
- Bill and Helen Norrie Library - \$3.6 million in 2019, total project \$9.3 million
- GoLibrary automated kiosk system in the Old Kildonan community - \$242,000
- St. James Civic Centre – Facility Expansion and Renewal
 - Facility renewal - \$9.7 million
 - Facility expansion - budgeted \$7.8 million (City and Provincial share \$3.9 million each)
 - Estimated cost for expansion of \$14.0 million subject to Federal government and other funding
- Computer Aided Dispatch for fire and emergency services - \$11.2 million subject to confirmation of Provincial funding

Strategic Investments

- New Recreation Facility – South Winnipeg - \$1.75 million, 6-year total \$11.8 million
- Public Safety Building and Civic Centre Parkade - \$10.5 million
- Fleet Asset Acquisitions - \$22.3 million (\$21.2 million in 2018)
- Indigenous Youth Strategy funding at \$1.25 million, consistent with City share in 2017 and 2018
- Operating and capital support to Assiniboine Park Conservancy
 - \$11.1 million operating grant
 - \$4.7 million in 2019 to provide funding for Canada's Diversity Gardens and Phase 2 of the Kids Discovery Zone
 - Completes the City's commitment of \$50.0 million for capital development improvements at Assiniboine Park
 - \$5.1 million for ongoing infrastructure renewal

Investing in Communities

- \$150,000 for the Community Homeless Assistance Team (CHAT program)
- Last year of 5-year annual grant of \$150,000 to the End Homelessness Winnipeg
- Winnipeg Arts Council operating funding of \$4,645,319 plus museum grant administration of \$266,000
- Further \$1 million toward \$5 million commitment to support the Winnipeg Art Gallery - Inuit Art Centre (4th year)

Purpose

- To proactively set debt limits
- To establish a prudent level of debt to support the City's capital infrastructure program
- To maintain an appropriate credit rating
- Continued long-term financial flexibility and sustainability

Best Practices

Debt Metrics	Maximum	As At December 31, 2018	Forecasted Peak
Debt as a % of revenue			
City	90.0%	56.6%	78.5%
Tax-supported and other funds	80.0%	55.5%	65.6%
Utilities and other	220.0%	41.5%	155.7%
Debt-servicing as a % of revenue			
City	11.0%	5.1%	8.7%
Tax-supported and other funds	10.0%	5.3%	5.3%
Utilities and other	20.0%	3.7%	16.2%
Debt per capita			
City	\$2,800	\$1,391	\$2,310
Tax-supported and other funds	\$1,500	\$903	\$1,110
Utilities and other	\$1,500	\$376	\$1,366
Note: "City" includes "Tax-supported and other funds", "Utilities and Other" and consolidated entities. "Tax-supported and other funds" includes Municipal Accommodations and Gleet Management. "Utilities and Other" includes Transit System, Waterworks System, Sewage Disposal System and Solid Waste Disposal. "Forecasted Peak" does not account for the implications of consolidated accounting entries.			

Standard and Poor's – AA/Stable/since January 2003 (Reaffirmed November 2018)

- Standard and Poor's affirmed Winnipeg's AA (Stable) credit rating based on:
 - A strong and stable economy
 - Strong financial management
 - Management team that is experienced and qualified to effectively enact fiscal policies, as well as effectively respond to external risks
 - Management's debt and liquidity management policies are prudent
 - City management especially proactively in developing capital asset tools and metrics

S&P noted in the report “In our opinion, significant infrastructure renewal requirements constrain the city's budgetary flexibility. Winnipeg faces an infrastructure deficit of about C\$7 billion in the next 10 years, mainly related to aging roads, transit, facilities, buildings, and parks. We believe that Winnipeg's high capital needs as well as operating requirements including provincially mandated level of services and multi-year labor contracts limit the city's ability to adjust operating expenditures meaningfully in the near term, similar to other Canadian municipalities.”

Moody – Aa2 Stable

- In July 2018, Moody's affirmed the City of Winnipeg credit rating at Aa2-stable

Moody's noted in the report "The credit profile is constrained by Winnipeg's debt burden, which we expect to peak at around 90-95% of operating revenue over the next 2-3 years as the city continues to invest in significant capital projects and infrastructure. Despite the forecasted higher debt levels, we expect that the city will maintain strong debt affordability."

The City's credit rating has benefited from:

- Disciplined fiscal planning and track record of operating surpluses, despite recent funding pressures
- Economic diversity providing buffer against volatility in economic cycles
- Strong governance and management structure and mature institutional framework

Net Debt per Capita Increasing to Address Infrastructure Needs

- Debenture debt and P3 obligations included
- Other Entities included in 2009 and subsequent years
- As at December 31st

Tax Supported Operating Budget

In Millions of \$	2019 Preliminary Budget	2020 Projection	2021 Projection
REVENUE			
Property Taxes	\$ 607.7	\$ 633.0	\$ 656.0
Business Taxes	56.9	56.9	57.9
Other	460.2	442.8	448.8
TOTAL REVENUE	\$ 1,124.8	1,132.1	1,162.6
EXPENDITURES			
Departmental	1,044.8	1,118.7	1,152.3
Corporate	80.0	118.8	142.2
TOTAL EXPENDITURES	1,124.8	1,237.5	1,294.5
SURPLUS / (DEFICIT)	\$ -	(105.4)	(131.9)

Future Budget Challenges

- Reliance on non-recurring one-time revenues and deferral of spending and maintenance costs is non-sustainable
- The City's tax supported budget has a structural deficit: sustainable revenue streams do not cover required expenditures
- Operating and Capital Budgets
 - New long-term growth revenue sources will be required in the future to address the growing structural deficit
 - Based on the 2018 State of the Infrastructure Report, Winnipeg's infrastructure deficit over 10 years was estimated at \$6.9 billion
- Monitoring Liquidity
 - Actively monitored and projected to maintain financial sustainability and the City's credit rating

* The deficit is based on Capital investment needs spanning a 10-year period from 2018 to 2027.

Financial Sustainability

Over the past several years, the City has prepared Volume 1 – “Community Trends and Performance Report”. Included in Appendix 1 of the report is a Financial Trends section setting out details concerning the City’s structural deficit which has been described as financially unsustainable. The City has been contributing cash from its operating budget to the capital budget for many years which at times has averaged over \$60 million. This cash has been used to pay for capital projects which otherwise would require debt financing or further support from federal and provincial partners. However the City reduced its contribution to the capital budget by \$23.2 million (\$78.8 million to \$55.6 million) commencing in 2017, \$57 million (\$80.3 million to \$23.3 million) in 2018 and \$44.9 million (\$65.9 million to \$21.0 million) in 2019. In 2020 onwards cash to capital planned contributions remain at values over \$60 million even though the City’s contribution levels have fallen to \$21 million. In turn Volume 2 Appendix 1 reflects higher value cash to capital contributions leading to growing structural deficits of \$105.4 million in 2020 and \$131.9 million in 2021. If the City is unable to contribute cash to capital in excess of \$60 million in 2020 onwards, it will need to consider increased debt to maintain the capital program at its planned levels included in this budget book, significantly reduce the capital program, reduce expenses or increase revenues.

On June 21, 2018, Council approved a report directing the Public Service to initiate a process to implement a multi-year budget approach effective for the 2020 budget year, with a particular focus on addressing the structural deficit in tax-supported City operations. Significant financial decisions will need to be considered to balance future operating budgets with a view to maintaining levels of service both in tax-supported operations and capital.

Multi-year Budget

- 4-year balanced operating budget (2020 to 2023) and 6-year capital program
- Next steps:
 - Review of core services
 - Corporate business and strategic plan
 - Evaluation framework for grants (cash and in-kind)
 - Review of fees and charges based on best practices
 - Prioritization list for unfunded major capital projects
 - Growth oriented revenue source

Schedule of Meetings

Preliminary 2019 Operating and Capital Budgets

Date	Committee
Friday, March 1, 2019	Special Executive Policy Committee Meeting to Table Budget
Thursday, March 7, 2019	Standing Policy Committee on Infrastructure Renewal and Public Works (Special Meeting)
Thursday, March 7, 2019	Standing Policy Committee on Water and Waste, Riverbank Management and the Environment (Regular Meeting)
Friday, March 8, 2019	Winnipeg Police Board (Regular Meeting)
Friday, March 8, 2019	Standing Policy Committee on Protection, Community Services and Parks (Special Meeting)
Monday, March 11, 2019	Standing Policy Committee on Innovation (Regular Meeting)
Monday, March 11, 2019	Standing Policy Committee on Property and Development, Heritage and Downtown Development (Special Meeting)
Wednesday, March 13, 2019	Executive Policy Committee to hear delegations on Budgets (Special Meeting)
Tuesday, March 19, 2019	Executive Policy Committee to consider Standing Policy Committee recommendations and table final recommendations (Special Meeting)
Wednesday, March 20, 2019	Special Meeting of Council to consider Budgets

Roadway Construction and Maintenance

Includes:

- *Bridge Construction & Maintenance*
- *Regional Streets Construction & Maintenance*
- *Local Streets Construction & Maintenance*
- *Regional Sidewalk Construction & Maintenance*
- *Local Sidewalk Construction & Maintenance*

Description

To provide citizens with access to well-maintained roadways, sidewalks and bridges in order to ensure the safe, efficient movement of people, goods and services.

Key Goals

1. Expand and refine Roadway Asset Management systems.
2. Support Downtown revitalization.
3. Provide optimized delivery of infrastructure projects.
4. Utilize principles of environmental stewardship.
5. Coordinate processes with other major project stakeholders.
6. Implement active transportation components in regional street projects where feasible.

Service Level Statistics

Description	2015	2016	2017
Roadway transferred from developers (lane-km) [A]	62.6	17.0	54.8
Capital Addition of Regional Streets (lane-km)	5.2	7.5	0.6
Capital Reconstruction of Regional Streets (lane-km)	9.7	11.3	2.8
Capital Rehabilitation of Regional Streets (lane-km) [B]	57.8	58.9	24.9
Capital Reconstruction of Local Streets (lane-km)	27.0	18.8	17.9
Capital Rehabilitation of Local Streets (lane-km)	84.8	71.8	78.1
Capital Addition of Surfaced Alleys (lane-km)	2.2	7.7	3.5
Capital Reconstruction of Alleys (lane-km)	4.0	4.0	3.6
New Pedestrian/Cycle Pathways (metres) [C]	1,716	1,483	8,609
Major Bridge Rehabilitations	2 locations \$2,570,000	3 locations \$8,620,000	3 locations \$17,333,000
Significant Bridge Maintenance Repair Works	27 locations \$400,500	26 locations \$1,310,000	26 locations \$1,435,000
Slope Stabilization Works	0	1 location \$3,500,000	1 location \$3,500,000
Bridge Deck Sealing Program	16 locations \$128,900	3 locations \$5,000	0
Overhead Sign Structure Maintenance	4 locations \$130,000	2 locations \$56,700	1 location \$27,500
Pumping Station Maintenance	0	0	1 location \$446,000

[A] 2017 is higher than previous year due to late reporting of inventory in 2016

[B] Increase in 2017 projects due to more reconstruction of active transportation projects, and few mill and fills. 2015 and 2016 included significantly more mill and fills and rehabilitations.

[C] Significant increase in 2017 was due to the majority of new pedestrian/cycle pathways consisted of developer work, and late reporting in 2016.

Transportation Planning and Traffic Management

Includes:

- *Transportation Planning & Design*
- *Traffic/Right-of-Way Management*

Description

To plan, design and manage the transportation system and the traffic regulatory environment to provide a safe, environmentally-aware, accessible and sustainable transportation system.

Key Goals

1. Provide integrated transportation and land use planning.
2. Provide an accessible transportation system.
3. Invest in equipment and technology that supports a sustainable transportation system.
4. Expand the Active Transportation System network.
5. Support Downtown revitalization initiatives.
6. Maintain or improve service levels on the street system.

Service Level Statistics

Description	2015	2016	2017
Lane Kilometres of Regional Streets	1,815	1,822	1,824
Lane Kilometres of Truck Routes [A]	1,769	1,775	1,777
Number of Signalized Intersections	651	657	665
Number of Accessible Pedestrian Signals	436	484	521
Number of Pedestrian Corridors	173	181	181
Kilometres of Active Transportation Facilities	406	410	419
Kilometres of Multi-use paths	199	201	211
Kilometres of Bike Lanes	45	49	50
Kilometres of Sharrows	37	37	37
Kilometres of Bike Boulevards	56	56	56
Transportation System Use Estimates			
Daily Vehicle-Kilometre of Travel	10.18 million	10.20 million	10.28 million

[A] Lane Kilometres of Truck Routes increased in 2015 due to the opening of the St. Matthews Avenue extension. In 2016, the Regional Streets Network increased due to the twinning of Dr. Jose Rizal Way. Truck Routes Lane Kilometers increased with re-designation of streets in the Omand's Creek Industrial area, west of Route 90.

Roadway Snow Removal and Ice Control

Includes:

- *Regional Streets Snow and Ice Removal*
- *Local Streets Snow and Ice Removal*
- *Sidewalk Snow and Ice Removal*
- *Park & Facility Snow and Ice Removal*
- *Snow Disposal Sites*

Description

Undertake effective roadway snow and ice control services in order to provide safe and accessible conditions on city streets and sidewalks during the winter season.

Key Goals

1. To provide the citizens of Winnipeg with safe and accessible roadway infrastructure during the winter months by delivering efficient and effective snow and ice control services.
2. To implement Best Management Practices for the municipal use of road salt for snow and ice control in winter months in accordance with Environment Canada's Code of Practice for Road Salt Management.
3. To work closely with the private sector to ensure there is a sustainable quantity of private sector equipment to assist the City in carrying out the winter snow clearing operations.
4. To examine various options for the provision of snow disposal sites and develop a long term strategy to provide this service in a cost-effective manner in the future.

Public Transit

Includes:

- Regular Transit
- Transit PLUS
- Chartered and Special Events Transit

Description

To operate a public transportation system in Winnipeg that provides a network of service routes throughout the City which includes conventional, express, downtown shuttle and suburban 'DART' routes designed to meet various levels of demand city-wide with a fleet of low-floor accessible, GPS-equipped buses.

The transit system is being expanded through the development of a rapid transit network designed to provide improved reliability, reduced travel time, and the opportunity for transit-oriented development. Winnipeg's first rapid transit project, Phase 1 of the Southwest Transitway, opened in April 2012. Phase 2 is currently under construction and a planning and design study of the Eastern Corridor is underway.

To provide a parallel Transit service to individuals who are unable to use the fixed-route transit some, part or none of the time due to a disability in accordance with eligibility criteria.

Key Goals

1. Encourage increased ridership by optimizing accessibility and improved service reliability.
2. Enhance safety protocols to protect employees, passengers and specialized transit contractors.
3. Develop a positive image through enhanced public information, communication systems and the use of technology.
4. Minimize the impact on the environment through thoughtful bus procurement, use of fuel and maintenance strategies.
5. Operate in a cost effective manner through a culture of continuous improvement and implementation of efficiencies.

City Beautification

Includes:

- Litter Collection
- Public Gardens / Landscaping
- Ornamental Lighting / Flags & Banners / Public Art
- Graffiti Control
- Regional Street Cleaning
- Local Street Cleaning

Description

To provide citizens and visitors with flower gardens, streetscaping, cleanliness, graffiti control and public art in order to promote the aesthetic appeal of the City of Winnipeg.

Key Goals

1. Maintain and continuously improve image route streetscaping to contribute to the beautification of our city.
2. Continue to beautify the city through enhanced floral displays, streetscaping, street cleaning and other clean and green initiatives.
3. Reduce graffiti occurrences through ongoing education and awareness while improving the level of service for graffiti removal through partnerships with volunteer community groups and maintaining a database for tracking graffiti incidents.

Service Level Statistics

Description	2015	2016	2017
Number of litter containers in park sites [A]	2,960	2,976	3,561
Number of street litter containers	1,588	1,588	1,588
Tonnes of boulevard abrasives removed (streets only)	24,250	22,305	29,500
Flower Beds (raised/fixed/in-ground - not including shrubs) m2 [A] [B]	26,658	21,291	23,442
Number of Flower planters [A] [C]	1,604 m2	1,202	1,257
Number of Hanging baskets [A] [C]	10 m2	20	20
Number of park lighting units [A]	3,828	3,601	3,588
Number of community clean-up & Adopt-A-Park projects	28	40	43
Number of graffiti tags removed	17,531	21,859	17,374
Square metres of graffiti removed	44,314	45,589	38,331
Number of graffiti sites treated	7,347	7,222	5,577
Number of public art projects completed [D]	4	6	5

[A] Source: 2016 and 2017 Parks and Open Spaces Asset Management (audited data). Inventory excludes Assiniboine Park.

[B] In 2015, flower beds were reported separately as raised/fixed and in-ground.

[C] 2015 was reported in square metres.

[D] Source: Winnipeg Arts Council.

Water

Includes:

- *Water Supply and Treatment*
- *Water Distribution*

Description

To provide citizens with a safe and adequate supply of potable water for residential and commercial use through water supply, storage, treatment, pumping, distribution and metering.

Key Goals

1. To improve the state of the environment and public health.
2. To exceed our customers' needs and expectations.
3. To continue improving water quality through ongoing operation and maintenance of the water treatment plant and the water distribution systems.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices.
6. To maintain a high quality safe working environment.
7. To improve information management.

Service Level Statistics

Description	2015	2016	2017
Number of billed water accounts [A]	203,607	205,759	208,008
Number of complaints - taste and odour [B]	142	190	205
Average daily volume of water pumped (ML/D)	195	189	189
Average volume of water pumped daily per capita (litres)	271	260	252
Kilometres of distribution water mains	2,614	2,637	2,660
Kilometres of feeder mains	152	152	152
Kilometres of water mains cleaned	1,104	755	839
Number of water main breaks	317	268	236
Number of hydrants	21,919	22,045	22,376
Number of water quality tests conducted [C]	71,537	71,289	66,734
Average monthly residential water bill	\$27.02	\$29.19	\$33.07
Number of reservoirs	4	4	4
Reservoir capacity (ML)	9,510	9,510	9,510
Number of Water Treatment Plants	1	1	1
Number of Water Treatment Plant tests conducted [D]	45,773	45,161	65,754

[A] Reflects residential and commercial/industrial accounts previously reported separately.

[B] Reflects complaints received through the City's 311 system.

[C] Decrease due to refinements in the Flushing Program.

[D] Increase due to pilot testing of an alternative coagulant at the Water Treatment Plant.

Wastewater

Includes:

- Wastewater Collection
- Wastewater Treatment

Description

To provide property owners with the collection, transmission, disposal, treatment and monitoring of wastewater in order to ensure the environmentally appropriate handling of high volume sewage discharge.

Key Goals

1. To improve the state of the environment / public health.
2. To exceed our customers' needs and expectations.
3. To increase the efficiency and effectiveness of our services.
4. To successfully develop and implement the Winnipeg Sewage Treatment Program.
5. To operate and upgrade the Sewage Treatment Plants to achieve environmental licence requirements.
6. To strive to better monitor and reduce combined sewer overflows.
7. To implement best practices throughout the Department.
8. To maintain a high quality safe working environment for our staff.
9. To improve information management in the Department.

Land Drainage and Flood Control

Includes:

- Flood Control
- Land Drainage
- Waterways Management

Description

To provide property owners with storm and flood water control in order to prevent flood damage to property.

To monitor riverbank conditions, including undertaking stabilization and erosion protection along city-owned riverbank lands.

Key Goals

1. To improve the state of the environment / public health.
2. To exceed our customers' needs and expectations.
3. To increase the efficiency and effectiveness of our services.
4. To implement best practices throughout the Department.
5. To maintain a high quality safe working environment for our staff.
6. To investigate options to improve aesthetics at stormwater retention basins.
7. To protect city-owned riverbanks using innovative approaches.
8. To provide public awareness, education, and information on matters related to riverbanks.

Service Level Statistics

Description	2015	2016	2017
Number of stormwater retention basins (SRB)	86	86	92
Number of permanent flood pumping stations [A]	31	31	31
Number of SRB pumping stations	5	5	5
Kilometres of land drainage sewer mains	1,183	1,206	1,218
Kilometres of storm relief sewer mains [B]	187	188	188
Peak river elevations (>8.5 feet) - spring	14.2	16.5	19.31
Peak river elevations (>8.5 feet) - summer	11.5	12.1	7.15
Meters of City owned riverbank protected annually [C]	620	360	70
Number of waterway permits issued	128	128	116

[A] 2015 and 2016 restated due to reclassification.

[B] 2016 restated due to data query criteria correction.

[C] Funded by the Riverbank Stabilization and Physical Asset Protection Fund. Decreasing due to reduction in planned activities.

Solid Waste Collection

Description

The Solid Waste collection services include weekly collection of garbage from single-family and multi-family homes. Other miscellaneous services are offered on a fee for service basis and include collection of surplus waste, large items, and appliances as well as garbage collection from small commercial entities and the collection of dead animals from public right-of-ways.

Garbage collection services are provided by contractors and the City manages multiple contracts for this service.

Key Goals

1. To improve the state of the environment / public health.
2. To exceed our customers' needs and expectations.
3. To increase the efficiency and effectiveness of our services.
4. To implement best practices throughout the Department.
5. To maintain a high quality safe working environment for our staff.

Solid Waste Disposal

Description

Solid Waste Disposal services include the operation and maintenance of the City's active and closed landfills.

The Brady Road Resource Management Facility is the site of the only active landfill the City of Winnipeg operates and it receives all of the City's residential garbage and some commercial waste as well. A landfill gas system collects and flares landfill gas, which diverts equivalent tonnes of carbon dioxide every year. Additionally this area is responsible for the maintenance and environmental monitoring of the thirty-three closed landfill sites within the City.

Key Goals

1. To improve the state of the environment / public health.
2. To increase opportunities to reduce the amount of material landfilled.
3. To exceed our customers' needs and expectations.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the Department.
6. To maintain a high quality safe working environment for our staff.
7. To initiate landfill gas recovery projects to reduce greenhouse gases.

Recycling and Waste Diversion

Includes:

- *Recycling*
- *Waste Diversion*

Description

Recycling services provided to residents include the weekly collection for single-family and some multi-family homes and sorting of the recyclables at the material recovery facility. Bales of commodities collected are sold and shipped at market prices. Public recycling community drop-off depots are also located throughout the City.

Waste diversion services include bi-weekly seasonal yard waste collection and the operation of a nine hectare composting pad located at the Brady Road Resource Management Facility. Additionally, there are three 4R Winnipeg Depot locations which provide residents a one-stop location for recycling materials, divertible materials and the safe disposal of hazardous waste including paints, oil and electronics.

Waste minimization services include an education program that supports backyard composting, grasscycling, giveaway weekends and other waste diversion initiatives.

Key Goals

1. To improve the state of the environment / public health.
2. To increase the opportunity to reduce the amount of material being landfilled.
3. To exceed our customers' needs and expectations.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the Department.
6. To maintain a high quality safe working environment for our staff.

Service Level Statistics

Description	2015	2016	2017
Number of dwelling units served	292,127	296,147	299,395
Weight of residential recycling material collected (tonnes) [A]	55,697	55,010	54,177
Average weight of residential recycling per household (kg) [A]	191	186	181
Total yard waste composted (tonnes)	33,474	34,123	28,528
Total divertible materials collected at the 4R Winnipeg Depots (tonnes) [B]	N/A	3,989	8,846

[A] Decrease in tonnes primarily due to lightweighting of packaging material.

[B] The Brady 4R Winnipeg Depot opened February, 2016. The Pacific 4R Winnipeg Depot opened February, 2017.

City Planning

Includes:

- *Area Development & Renewal Planning*
- *City-wide Long Range Planning*

Description

To manage a wide range of planning initiatives, such as the OurWinnipeg Development Plan and Complete Communities Direction Strategy, which guide growth and change in Winnipeg. The service reviews ongoing development proposals in a fair and objective manner to ensure the creation of sustainable and complete communities that are responsive to community values, while advising Council on planning processes and development applications. The service enables development and growth that follows the City's development plan through local area planning initiatives, policies, regulations, guidelines and tools while working collaboratively with stakeholders.

Key Goals

1. Support the implementation of OurWinnipeg through a range of effective tools and guidelines.
2. Ensure the City has an adequate supply of land to accommodate projected growth in a sustainable manner.
3. Enhance existing infrastructure and assets in ways that make most amenities for daily living universally accessible.
4. Integrate land use and infrastructure planning in support of the creation of complete communities.

Service Level Statistics

Description	2015	2016	2017
No. of Development Servicing Agreements Administered	61	20	26
No. of Urban Design Applications Reviewed	100	106	111
No. of Zoning Agreements Processed	41	39	39
No. of Survey Information Requests (for construction work)	2,178	2,863	2,150
No. of Surveys Performed (Contract / In-house) [A]	37 / 112	81 / 40	66 / 58
No. of Survey Monuments Restored [B]	42	196	231
No. of Street Closings / Openings	16	23	11
Number of new greenfield dwelling units [C]	2,367	2,220	3,410

[A] Over the last few years Geomatics has seen a significant increase in the number of large scale jobs. Some, such as the Arlington Bridge and the Kenaston/Route 90 projects, each require the services of one staff member for approximately one year.

[B] Restored survey monuments results from survey monuments established in new developments; these monuments are initially established by the developer so have not been counted in the past.

[C] Greenfield refers to units built in areas designated as 'Emerging Communities' and 'New Communities'. 'Emerging Communities' are a subset of 'Areas of Stability - Recent Communities' that have been recently planned and are still under development.

[D] Infill refers to units built in 'Areas of Stability', excluding 'Emerging Communities'.

Neighbourhood Revitalization

Includes:

- Community Development

- Housing Initiatives

Description

Provide neighbourhood residents with tools and support to build resilient, healthy communities and to promote and deliver community based projects and programs that support sustainable neighbourhoods and healthy communities. This service is provided jointly by Planning, Property and Development, Community Services, and Corporate Support Services. Service activities include the administration of Council's neighbourhood and housing programs including, but not limited to:

- Indigenous Relations
- Housing Renewal, Building Communities and Affordable Housing Initiatives
- Residential Infill Tax Credit Program
- Neighbourhood Multi-Family / Mixed-Use Building Grant Program
- Downtown Multi-Family / Mixed-Use Building Grant Program
- LiveSAFE in Winnipeg - Crime Prevention through Social Development
- Delivery of Homelessness Partnering Strategy
- Downtown Residential Development Grant Program
- Live Downtown - Rental Development Grant Program
- Strategic Economic Incentives - Project Specific Grants

Key Goals

1. Increase community confidence in their neighbourhood and encourage residents to remain and invest in their own communities.
2. Encourage and promote community involvement in defining neighbourhood values and needs and prioritizing neighbourhood infrastructure improvement projects that meet those values and needs.
3. Participate directly in the revitalization of the downtown as a collection of vibrant residential neighbourhoods.
4. Facilitate the development of recreation services that are more responsive to the specific recreational needs of communities with a priority focus on high needs neighbourhoods.
5. Develop, maintain and enhance initiatives and partnerships based on community and corporate priorities to support the engagement and participation of Indigenous citizens.
6. Work in partnership with community and other levels of government to develop and implement a continuum of crime prevention initiatives.

Development Approvals, Building Permits and Inspections

Includes:

- Residential Development Approvals & Inspections
- Commercial Development Approvals & Inspections

Description

Ensure compliance with provincial building codes, by-laws and standards through consultation, education, administration, inspections and the regulatory enforcement of property standards, construction, renovation, and demolition of buildings. This service includes:

- Plan examination
- Inspections for compliance with codes and other by-law standards
- Enforcement action including warnings, penalties, and charges

Key Goals

1. Ensure safe, healthy, accessible, and energy efficient buildings through the administration and enforcement of building by-laws and property standards.
2. Continue to streamline the building permit application and approval process, and improve our ability to provide timely inspection services and proactive by-law enforcement.
3. Continue to improve the comprehensive customer experience, including providing clear information and communication, excellent customer service, and innovative approaches.
4. Enhance the public's awareness of necessary safety and non-safety-related building project requirements.
5. Pursue financial self-sufficiency.
6. Transparency of actual performance to targets.

Economic Development

Description

To provide information to Council and economic development agencies as well as coordinate resources across City departments in order to respond effectively to high priority projects of strategic and economic importance to the City.

Service activities include:

- Collaborate with the Province of Manitoba, Economic Development Winnipeg, CentreVenture and other stakeholders to deliver Winnipeg's Economic Development Strategy.
- Coordinate interdepartmental technical assistance and due diligence on proposals and initiatives.
- Negotiate incentive strategies through business plan and pro-forma analysis.
- Manage strategic projects.
- Assist in the preparation of communication strategies.
- Support 16 Business Improvement Zones (BIZ), representing more than 4,500 businesses throughout the City.

Key Goals

1. Build a strong economic climate for Winnipeg.
2. Identify priority investments that support economic development activity.
3. Assist in the development of taxation policy that enables economic opportunity.
4. Broaden service access and convenience to customers wanting to do business with the City.
5. Capitalize on opportunities to establish intergovernmental and public private partnerships.

Heritage Conservation

Description

To promote the long-term conservation of heritage assets in the City of Winnipeg.

Key Goals

1. Ensure the long-term conservation of heritage resources in Winnipeg through the implementation of new incentives, integrated planning, district/area designation, regulatory reforms, well established design standards and principled design review.
2. Be a catalyst for greater public awareness, education and participation in heritage conservation.
3. Improve the suitability of Heritage Buildings for occupancy by City Departments and other civic uses.

Property Asset Management

Includes:

- Land & Property
- Municipal Accommodations
- Pool Facilities
- Arena Facilities
- Recreation Centres
- Community Centre Facilities

Description

The Property Asset Management Service facilitates the acquisition, development, operation, maintenance, security and disposition of City-owned land and buildings. The service is composed of two sub-services:

LAND and PROPERTY: oversees property sales, acquisitions, and appraisals.

MUNICIPAL ACCOMMODATIONS: manages leases, operates, maintains, protects and preserves the City's physical building infrastructure/assets to provide for current and future program accommodation needs and provides design and project management of new and existing civic buildings.

Key Goals

1. Develop and implement a Real Estate Transaction Management Framework (RETMF).
2. Optimize infrastructure condition through a Physical Asset Management Program for City buildings.
3. Provide effective facilities management.
4. Develop and implement environmental stewardship policies and programs to guide the management and maintenance of all new and existing City facilities.

Service Level Statistics

Description	2015	2016	2017
Land & Property			
Property Sales / Gross Revenues from Sales Closed	29 / \$6.2M	31 / \$11.3M	30 / \$15.6M
Number of Individual Leases / Gross Revenue from Leasing	±635 / \$1.83M	±639 / \$1.75M	±632 / \$1.75M
Municipal Accommodations			
Estimated Market Value	\$3 - \$4B	\$3 - \$4B	\$3 - \$4B
Number of Buildings / Total Square Footage (Owned & Leased) [A]	467 / 7.4M sq ft	1,034 / 7.7M sq ft	1,188 / 7.7M sq ft
Estimated Replacement Value City Owned Buildings Receiving Maintenance Services [A]	\$1.00B	\$1.77 B	\$2.51 B

NOTE: M = millions
B = billions

[A] Increase in 2016 building number largely due to storage buildings now included as a separate asset in the building inventory.

Cemeteries

Includes:

- *Brookside Cemetery*
- *St. Vital Cemetery*
- *Transcona Cemetery*

Description

Provides interment services and perpetually maintained cemeteries in order to ensure that all citizens have access to a range of choices in interment services. Service activities include:

- Interments
- Sale of plots/lots, niches and interment vaults
- Collection of fees and charges
- Maintaining and preserving interment records
- Interment searches
- Installation of flat marker memorials
- Tours of Brookside Cemetery Field of Honour
- Facilitation of open air memorial services
- Custodian of historical military monuments
- Design and preparation of future interment sites
- Facilities and physical site improvements
- Perpetual maintenance of cemetery grounds

Key Goals

1. Ensure that the service evolves to reflect the diversity of the community and increase public awareness.
2. Increase revenues to enable self sufficiency while continuing to act as a benchmark for cemetery services within Winnipeg.
3. Continue to develop environmentally sound work processes and practices.
4. Maintain the heritage of cemeteries and continue to promote their significance in the community.

Police Response

Includes:

- *Police Response*
- *Contract Policing*
- *Crime Investigation*
- *Police Training*

Description

The Winnipeg Police Service (WPS) provides emergency, urgent, and non-urgent responses to public calls for service. In addition, the Service undertakes criminal investigations, offender identification, arrest or other resolution. The Service is also responsible for training all police and civilian members of the WPS. The Service must marshal its resources appropriately and efficiently to ensure that adequate response is always available to answer to public needs.

Per The Police Services Act 29 (2) Council is responsible for establishing the total budget for the police service and (3) the police board is responsible for allocating the funds.

Key Goals

1. Reduce crime through evidence-based policing strategies.
2. Ensure people are in the right jobs in the right numbers.
3. Continue to focus resources toward a downtown safety strategy.
4. Enhance training and professionalism in the Service.

Crime Prevention

Includes:

- *Community Policing*
- *Street Lighting*
- *Crime Prevention Initiatives*

Description

To provide citizens with crime awareness and education, enhanced relationships with targeted neighbourhoods and schools, as well as to conduct proactive policing to prevent crime and disorder.

Per The Police Services Act 29 (2) Council is responsible for establishing the total budget for the police service and (3) the police board is responsible for allocating the funds.

Key Goals

1. Promote positive interaction within neighbourhoods and among cultural groups.
2. Reduce crime victimization.
3. Protect vulnerable persons.
4. Strengthen proactive policing.
5. Increase effectiveness of street lighting.

- *Fire Investigation*

Description

To provide quick, proficient, emergency and non-emergency fire suppression and rescue assistance to victims of fire, accidents, and other disasters or emergencies in order to prevent or minimize loss of life or property. This includes fire suppression, notification and evacuation of citizens, rescue services, including motor vehicle extrication, high angle, trench, water, and ice rescue, investigation and mitigation of carbon monoxide or other gas leaks, and other hazardous materials incidents.

Additional contributions include standby fire and rescue service at public events, support to public education programs, supplement fire inspection and by-law enforcement program, fire investigation services potentially leading to offender identification, arrest and/or counselling in regard to incidents of deliberately set fires and response to medical emergencies.

Key Goals

1. Improve capacity to effectively respond to emergencies and disasters in a manner that is financially sustainable for the citizens of Winnipeg.
2. Invest in technology, equipment, and staff training to maximize safety for all emergency responders as well as the public.
3. Invest in technology, equipment, and staff training to protect the environment.
4. Ensure a respectful work environment and positive public image.

Fire and Injury Prevention

Includes:

- *Fire & Injury Prevention Education*
- *Fire Inspection*

Description

To reduce the incidence of illness, injury, death and property loss due to fire, accident or personal health by educating citizens regarding fire and life safety, and through the enforcement of the Manitoba Fire Code and the Fire Prevention By-law.

Key Goals

1. Provide fire and life safety educational programming to citizens of all ages to help prevent fire and medical emergencies and reduce injury, death, and property loss.
2. Identify the need for, develop new educational programming, and deliver that programming to identified groups within our community.
3. Promote and participate in public safety initiatives with partner agencies.
4. Enforce structural fire and life safety standards through the provision of plan examination, building fire inspection services and enforcement.
5. Ensure the required maintenance of fire and life safety systems is conducted by qualified individuals through the ongoing licensing of service persons.
6. Regulate potentially hazardous activities to ensure they are conducted in an approved, and safe manner through permit processes.

Service Level Statistics

Description	2015	2016	2017

[A] In 2017, the department initiated F2 inspections (Medium Hazard Industrial Occupancies) which requires more time to complete. These inspections, in addition to changes in personnel impacted the number of inspections conducted.

[B] In 2017 the Operations Inspection program was reviewed and a risk assessment conducted. It was decided to bring the frequency of Fire Inspections in line with existing standards and practices. The properties that fall under the program were not changed but the frequency of the fire inspections was reduced from annually to once every 3 years.

Medical Response

Includes:

- *Medical Response*
- *Medical Transfers*

Description

To provide quick, proficient primary response to all medical emergency situations, including the provision of pre-hospital patient care, patient transport to hospital, patient transfer services between facilities, and standby at critical police and fire rescue incidents, and special events.

Key Goals

1. Improve capacity to effectively respond to medical emergencies in a manner that is financially sustainable for the citizens of Winnipeg.
2. Improve quality of medical service provided.
3. Expand the quality improvement process to quantify and improve customer satisfaction.
4. Pursue partnerships to enhance delivery of medical service.
5. Ensure a respectful work environment and positive public image.

Disaster Preparedness and Response

Description

To provide a prompt and coordinated response by the City of Winnipeg to major peacetime disasters by:

- Minimizing the impact of an emergency or disaster on the City of Winnipeg.
- Protecting and preserving the health and property of the citizens of Winnipeg.
- Maintaining and restoring essential services during an emergency or disaster.
- Building resilient communities through sustainability, business continuity and enhanced recovery programs.

Key Goals

1. Prepare and test plans and strategies for new and emerging health risks and hazards.
2. Develop new and/or enhance current partnerships with other levels of government, authorities and community agencies.
3. Enhance the City's emergency plan to be more responsive to the needs of at risk populations (e.g. disabled, seniors, and children) and geographic communities and stakeholders within Winnipeg.
4. Provide emergency management education and training to staff, partnering agencies, and the general community.

Recreation

Includes:

- Aquatics Programs
- Arenas
- Casual Facility Use
- Community Centres
- Ice Skating
- Recreation Programs

Description

Provide high quality aquatics, recreation and leisure opportunities/programs in order to enhance life skills, community leadership development and overall safety and well-being for citizens in our neighbourhoods.

Key Goals

1. Continuously improve services to be more responsive to the recreational, cultural and leisure needs of Winnipeggers.
2. Provide leadership and support the work of other service providers to build the foundation for quality of life and to promote a safe and healthy community.
3. Provide recreation services by collaborating and leveraging resources through partnerships.
4. Provide equitable opportunities to participate in recreation programs and services.
5. Provide meaningful and relevant recreational opportunities to increase the participation of Aboriginal youth in City of Winnipeg services.
6. Provide community development and recreation opportunities for vulnerable youth as an integral component of crime prevention efforts.
7. Provide safe and healthy environments in the delivery of programs conducive to an enjoyable experience and personal well-being.

Parks and Urban Forestry

Includes:

- Park Grass Maintenance
- Park Amenity Maintenance
- Athletic Field Maintenance
- Park Pathway Maintenance
- Park Planning / Development
- Tree Planting
- Tree Pruning & Removal (non-DED)
- Dutch Elm Disease Control (DED)
- Weed Control
- Natural Areas Management
- Playground Management
- Winter Amenity Maintenance
- Boulevard Maintenance

Description

To develop, operate, maintain and preserve all parks and open spaces to promote vibrant, healthy communities while fostering environmental stewardship.

This service includes park, boulevard, and open space maintenance; litter collection; athletic field maintenance; pathway maintenance; park planning and development (shared with Planning, Property and Development); tree planting, pruning, removal; Dutch Elm Disease control (inspection, removal, disposal, public education); Emerald Ash Borer Management; weed control (inspection, serving of weed notices); natural areas management (replanting of native species, controlled burns, native and invasive species monitoring, education); playground equipment inspection and repair; and winter amenity maintenance (knock-down hockey rinks, pleasure skating rinks/ponds, toboggan slides/hills, park pathway snow clearing, cross-country ski trails and speed skating oval maintenance).

Key Goals

1. Maintain and improve parks, athletic fields, playgrounds and related amenities to meet community leisure needs and interests.
2. Provide natural environment and conservation education.
3. Preserve and enhance natural areas across the City's park and open space system.
4. Protect and enhance the urban forest through effective tree care practices and replacement planting.
5. Invest strategically in new and existing infrastructure.

Community Liveability

Includes:

- *Community By-law Enforcement*
- *Bicycle Recovery*
- *Citizen Crisis Response*
- *Social Grants*

Description

Through outreach, promotion, prevention, protection and regulatory services, support the development of a healthy community including:

- Community By-law Enforcement Services (CBES) with a focus on neighbourhood liveability including housing and property standards.
- Business Licensing (Doing Business in Winnipeg By-law).
- Crisis response coordination - connecting citizens to available services as required in relation to mandated city services.
- Emergency health and social services response to citizens during local emergencies and disasters.
- Administration of social grants to community organizations to provide a service that the City of Winnipeg would otherwise need to provide in support of safe and healthy neighbourhoods.
- Administration of a bicycle recovery program.

Key Goals

1. To continue to build and enhance performance measurement/accountability systems in order to improve service quality, operational due diligence, and customer service.
2. To continue to build on the success of our community-based civic engagement model to strengthen partnerships and increase community capacity.
3. To continue to deliver an efficient and comprehensive Vacant Building Program designed to accelerate property restoration and re-occupancy.

Service Level Statistics

Description	2015	2016	2017
No. of Service Requests	14,384	13,963	12,703
No. of Service Requests per By-Law Officer	633	616	652
No. of Property Standards Inspections/Officer & By-Law Support Worker Visits [A]	29,752	30,769	24,715
No. of Vacant Buildings as at January 1	358	467	536
No. of Vacant Buildings Added to the List During the Year	289	301	235
No. of Vacant Buildings Removed from the List During the Year	180	232	235
No. of Vacant Buildings as at December 31	467	536	536
No. of Compliance Orders Issued [A]	6,158	6,081	4,955
No. of Common Offence Notices Served (Tickets)	329	284	290
No. of Property Clean-Ups Conducted by the Public Service	349	386	540
No. of Business Types Regulated [B]	27	15	15
No. of Business Licenses Issued [C]	1,186	893	918
No. of Crisis Response/Resource Connection/Information Referrals Responded to [D]	403	401	246
No. of Emergencies Responded/No. of Individuals Impacted	8 / 58	10 / 401	14 / 538

[A] In 2017, the Seasonal Support Unit operated for a shorter period of time and with a smaller complement of inspectors in the field. As a result, both the number of inspections and number of orders issued decreased.

[B] Effective April 1, 2015, the number of business types regulated has been reduced to 15 due to end of Public Health Licensing Services agreement with the Province of Manitoba.

[C] The number of business licenses issued does not include taxi cab licenses (now reported under Winnipeg Parking Authority). The number of licenses issued decreased between 2015 and 2016 as a result of the conclusion of Public Health-related licensing activities on March 31st, 2015.

[D] Decreased in 2017 due to a vacancy in one of the Community Crisis Response positions (approx. 5 months).

Description

To enrich the lives of all Winnipeg citizens and their communities by providing high quality, responsive and innovative library services.

Key Goals

1. Provide excellent customer service as public needs evolve.
2. Enhance strategic partnerships with organizations to better meet the unique needs of the community.
3. Invest in more programs and services that advance digital literacy.
4. Support the development of early literacy skills in young children through increased investment in materials, services and programs for families, childcare providers and educators.
5. Ensure all library branches are welcoming and accessible destinations.
6. Adjust open hours of library branches to encourage new library users to visit and to be more convenient.
7. Select material that reflects the diverse needs of the community so that relevant print, digital and special collections are freely available.
8. Increase awareness of the library and its benefits through expanded promotion of programs/services.
9. Develop stronger relationships with newcomers and Indigenous peoples by providing responsive programs and services.
10. Provide opportunities for older adults to meet, learn and contribute so that we build strong connections within the community.
11. Expand the impact of the library beyond branches through community outreach and digital services.

Service Level Statistics

Arts, Entertainment and Culture

Includes:

- Arts, Entertainment and Culture Grants
- Arts, Entertainment and Culture Events
- Museums
- Assiniboine Park Conservancy

Description

To provide citizens and visitors with attractions, entertainment, arts and cultural events that contribute to a dynamic urban image, economic development and a vibrant city lifestyle through:

- Operating and capital grant support to the Assiniboine Park Conservancy Inc., a not-for-profit corporation established to manage, fundraise and redevelop Assiniboine Park and its attractions. Assiniboine Park is a 400 acre manicured English landscape style park featuring a zoo with one of Canada's largest animal collections, a conservatory with ever-changing botanic displays, outdoor gardens, theatre, performance and art displays, annual community events, trails, meadows and athletic fields for year-round leisure activities;
- Grant support to museums, arts, entertainment and cultural communities to provide a wide range of events, shows and displays for Winnipeg residents and visitors to the City; and
- Attracting and assisting film-makers and event organizers by providing logistical support, facilitated contact and liaison with civic departments, private sector business and organizations in support of a welcoming community for film activities and a strong and vibrant calendar of cultural and special events.

Key Goals

1. Work with Assiniboine Park Conservancy to support capital development and improvement to the Park.
2. Support film, culture and special events by working cooperatively with civic departments and other organizations to provide logistical support to the film industry, event organizers, and arts organizations.

Insect Control

Description

Provide insect abatement in order to protect persons and properties against the negative effects of insects while minimizing impact on the environment.

Key Goals

1. Effective and coordinated nuisance mosquito control and mosquito-borne disease control.
2. Use surveillance-based Integrated Pest Management strategies to effectively control targeted species with biological and reduced risk products.
3. Protect the urban forest by reducing the damage caused by tree pest caterpillars, Elm Bark Beetle and Emerald Ash Borer.
4. Evaluate new control products and equipment to maximize services and minimize impact on the environment.
5. Enhance public education and communication systems related to Insect Control.

Service Level Statistics

Description	2015	2016	2017
No. of hectares larvicided with biorational insecticides [A] [B]	29,118	29,263	11,464

Animal Services (SOA)

Description

To provide animal control measures under the Responsible Pet Ownership By-Law. The Agency's services include:

- Licensing: Pet licensing and permits.
- Kenneling: Kenneling and care for stray pets. Quarantine kenneling for biting dogs.
- Adoption: A progressive adoption program for unclaimed dogs, which reduces euthanasia.
- Educational Outreach: Attendance at community events regarding responsible pet ownership and pet safety. Additional ongoing presentations to school groups, service organizations, and newcomer groups.
- By-Law Enforcement: Enforcement of the Responsible Pet Ownership By-Law, neighbourhood dispute resolution, investigation and response, pick up of injured animals, after hours emergency response, police and fire assists, investigation of illegal animal complaints.

The Agency also provides funding to the Winnipeg Humane Society for the intake/sheltering of stray cats, care of injured animals, and a subsidized cat spray/neutering program.

Key Goals

1. Increase customer service and satisfaction.
2. Improve health and safety of neighbourhoods.
3. Improve the Agency's public image.

Service Level Statistics

Description	2015	2016	2017
Number of requests for service	10,606	11,974	12,755

Winnipeg Fleet Management Agency (SOA)

Description

Winnipeg Fleet Management Agency provides economical, state-of-the-art, safe and eco-friendly fleet vehicle, equipment and other asset management services to The City of Winnipeg and other public sector organizations, in support of their service delivery. The Agency delivers the following comprehensive fleet management services to City of Winnipeg departments:

1. Specification, inspection and procurement
2. Insurance, licensing and registration
3. Manufacturing and fabrication
4. Vehicle and equipment leases, seasonal and short-term rentals
5. Surplus sales and disposal
6. Fuel
7. Repair and maintenance

Key Goals

1. Provide planned, and unscheduled, fleet vehicles and equipment to City departments, meeting operational performance, environmental, and safety requirements.
2. Maintain Fleet Service Centres to support the City's geographically dispersed and varying fleet, providing superior customer service, reliability and safety.
3. Manage the City's fuel distribution system on a day-to-day and emergency basis, providing a safe, dependable and convenient fuel supply.
4. Encourage fleet greenhouse gas emission awareness through research, testing, and offering environmentally friendly vehicles and equipment, recommendations and alternative fuels.

Service Level Statistics

Description	2015	2016	2017
Number of vehicle and equipment units managed	2,269	2,224	2,199
Number of vehicle and equipment bid opportunities completed	62	67	64
Number of vehicle and equipment units acquired [A]	180	182	265
Number of insurance and license registrations completed	1,889	1,900	1,835
Number of service repairs, by work order lines completed	36,409	35,536	33,779
Number of service labour hours completed	72,897	71,361	65,735
Number of parts transactions	39,991	41,528	35,631
Number of fuel fill-up transactions and odometer readings verified	119,988	116,618	115,955
Litres of unleaded gasoline, clear diesel, and marked diesel provided [A] [B]	7,981,212	7,880,797	7,770,068
Number of vehicle and equipment motor pool rental days provided	88,850	103,518	108,489
Number of vehicle and equipment units disposed	228	188	234

[A] 2016 restated to correct a reporting error.

[B] Variations in the amount of fuel dispensed in a calendar year are impacted by a number of factors including extremes in summer and winter climate, types of vehicles used, driving and idling practices, as well as the overall amount of departmental activities undertaken.

Golf Services (SOA)

Description

The City of Winnipeg has operated municipal golf courses since 1921. Winnipeg Golf Services was established in 2002 to administer the City's 12 golf course assets. The Agency is responsible for operating and maintaining golf courses, managing contracts and leases for City lands used by privately operated golf courses, managing a contracted cross country ski operation and other services compatible with a golf operation.

Key Goals

1. Improve golf course playability.
2. Provide high quality customer service.
3. Ensure financial and environmental sustainability.
4. Improve the image of municipal courses.
5. Increase revenues from associated services.

Service Level Statistics

Description	2015	2016	2017
Kildonan (39.49 hectares)			
Days Open	198	189	186
Total Rounds	27,740	26,184	24,034
Windsor (46.13 hectares)			
Days Open	191	181	166

Winnipeg Parking Authority (SOA)

Includes:

- *Parking Facilities*
- *On-Street Parking Enforcement*
- *On-Street Parking*
- *Vehicles for Hire*
- *MBEA non-parking*

Description

The Parking Authority provides management for city-owned on- and off-street parking. It provides leadership to local parking service providers and provides input from a parking services perspective in support of public policy objectives.

The Parking Authority currently manages and administratively supports the Screening and Adjudication process for all Municipal By-law offences which are under the jurisdiction of the Municipal By-law Enforcement Act (MBEA) and Provincial Offences Act.

The Parking Authority also currently provides regulatory and licensing oversight of the Vehicle for Hire industry in the City of Winnipeg including taxis, limousines and personal transportation providers, with an emphasis on safety and accessibility.

Key Goals

1. Manage a dynamic service delivery structure for all on-street and off-street parking in order to manage occupancy levels as appropriate.
2. Ensure the impartiality and transparency of the screening and adjudication process under the Municipal By-law Enforcement Act.
3. Manage the regulatory oversight of the Vehicle for Hire industry to ensure safety and accessibility for all citizens.
4. Improve the quality of service offered to customers in all lines of service.
5. Maintain engagement with key stakeholder groups.
6. Optimize the use of agency resources in order to balance cost efficiencies and high levels of customer service.

Service Level Statistics

Description	2015	2016	2017
Number of Pay Stations on Street [A]	624	580	572
Number of Pay Stations in City Lots	12	12	12
Number of Parking and Non-Moving Violations Issued [B]	158,946	125,077	162,674
Number of High Demand On-Street Spaces	1,318	1,307	1,319
Number of Low Demand On-Street Spaces	2,498	2,505	2,571
Number of Taxi Cab Licenses Issued [C]	798	781	773

[A] Long term construction projects can impact the number of on-street paystations and spaces per zone on a year over year basis. High demand zone numbers include paystations located on-street in vicinity of St. Boniface Hospital and Health Sciences Centre.

[B] Ticket volumes are subject to fluctuations dependent on seasonal events such as street cleaning and snow fall.

[C] Previously reported under Community Liveability. Regulatory and licensing oversight assumed on March 1, 2018.

Organizational Support Services

Includes:

- Chief Administrative Offices
- Communications
- Financial Management
- Human Resource Management
- Information Technology Management
- Innovation
- Infrastructure Planning
- Legal Services
- Production Services

Description

Organizational Support Services provides leadership and professional services to support the delivery of public services to the citizens of Winnipeg. By providing financial, human resource, and other specialized services, Organizational Support Services ensures that the civic organization has the capability and technical expertise to support the delivery of public services.

Key Goals

1. To provide organizational leadership in implementing Council's policies and priorities through proactive organizational planning, effective issues management, strategic communications, the provision of professional advice and follow-up through report management.
2. To provide sound financial stewardship towards responsible City government by strengthening financial performance, improving information for decision-making and managing risks and exposures.
3. To provide the organization with efficient and effective human resource management support in order to sustain a diverse, respectful, safe, healthy and productive workforce.
4. To provide strategic direction and leadership in the planning and governance of City-wide business innovation, including enhancement of decision making, as well as process and asset use optimization.
5. To provide a full range of legal services to Council and its committees, the Chief Administrative Officer, and the civic public service.
6. To deliver effective and efficient printing, graphic design, translation and mail services to the organization.

Assessment, Taxation and Corporate

Includes:

- Assessment and Taxation
- Corporate Accounts

Description

To provide timely and accurate property and business valuations, tax billing and collection services.

General revenue and corporate expenses/savings that are not attributable directly to any other public or internal service, include:

- Taxation revenue and tax credits.
- Unconditional grants from the Province of Manitoba.
- Provincial payroll tax and offsetting support grant from the Province.
- Revenue from sale of Winnipeg Hydro/utility dividends.
- Pension contribution adjustments.
- Interest income.
- Debt and finance charges not attributable to any other City services.
- Corporate risk management.

Key Goals

1. Provide valuations that are accessible to the public.
2. Reduce the financial risk of assessment appeals.
3. Provide accurate valuations that are fair and timely.
4. Enhance the understanding of valuations and their underlying principles both internally and externally.
5. Deliver a timely, accurate tax billing and collection service.
6. Improve customer service.

Contact Centre - 311

Description

To provide accurate information and enhanced customer service through requests for non-emergency services to the citizens and customers of the City of Winnipeg through a single point of contact.

Key Goals

1. Improve citizen satisfaction through the ease of use and access to 311.
2. Improve call tracking capabilities to better analyze citizen needs for service.
3. Improve service request routing and tracking to ensure accountability to citizens.

Service Level Statistics

Description	2015	2016	2017
Total Calls Received	1,287,592	1,074,895	959,676
Total Calls Answered	961,310	798,068	808,666
Number of Service Requests [A]	396,267	273,681	496,946
Number of Information Requests	853,065	692,103	646,192
Number of Emails	92,983	101,944	107,082
Average Talk Time (in minutes) [B]	3:52	4:53	4:11
Average Wait Time (in minutes) [B]	5:22	5:53	3:04
Number of Self Service Online	1,627	2,008	1,793
Number of Mobile App Interactions [C]	851	1,316	1,030
Number of In-person Interactions	21,393	41,270	39,511
Number of Social Media Interactions	5,580	19,333	21,261

Note: The difference between Total Calls Received and Total Calls Answered is due to a combination of abandoned calls, as well as the use of an Interactive Voice Response (IVR) system which answers the caller's question without needing to speak to an agent.

- [A] Service Requests were significantly higher in 2017 due to surge of winter related calls in January 2017 and calls in October 2017 relative to changes in Water & Waste Department's garbage collection vendor and collections system.
- [B] Overall call times and wait times decreased despite the garbage vendor change that caused a surge in phone calls in October 2017. Complex calls are seen requesting more detailed information, especially as it relates to spring/yard waste cleaning, snow clearing, Assessment and Taxation and Transit. Although email and social media interactions have increased significantly, the overall number of interactions has decreased, resulting in an increased cost per interaction.
- [C] 2016 Restated to correct a reporting error.

Includes:

- *Auditing*
- *Mayor and Council*
- *Archives*
- *Elections*
- *Citizen Access and Appeals*
- *Council Support*
- *Executive Support*

Audit

Description

The Audit Department is classified as an independent external auditor under Government Auditing Standards due to statutory safeguards that require the City Auditor to report directly to Council, through the Audit Committee. The Audit Department's primary client is City Council, through the Audit Committee (Executive Policy Committee).

The purpose of the Audit Department is to provide independent and objective information, advice and assurance with respect to the performance of civic services in support of open, transparent and accountable government. The value to Council is the ability to use credible information to support their decision-making efforts. Stakeholders are civic managers and citizens who are the recipients of our public reports.

Key Goals

1. Support the achievement of transparent, efficient and effective City government services.
2. Deliver value-added, cost-effective and innovative audit services.
3. Promote a respectful, team-oriented and professional workplace.

Service Level Statistics

Description	2015	2016	2017
Audit Committee Meetings	6	5	5
Audit Projects Completed			
Assurance Projects	21	26	24
Advisory Projects	13	4	3
Investigation Projects [A]	32	46	81
Projects in Progress	14	16	18

[A] Increased awareness and promotion of the Fraud & Waste Hotline has resulted in an upward trend in the annual number of investigation projects.

Council Services

City Clerks

Description

The City Clerk's Department provides direct policy, procedural and administrative services to the Mayor, Speaker and Members of Council, Executive Policy Committee, Standing Policy Committees, the Mayor's Office and Senior Administrators. The Department is the gateway to the City for political decision-making and providing access to information about the City, its services and the decision-making process. It captures, communicates and maintains a complete and accurate record of all Council decisions since the City's inception.

The City Clerk's Department has statutory responsibility for the administration of elections and by-elections as designated by The City of Winnipeg Charter, The Municipal Councils and School Boards Elections Act and for supporting Council and its Committees under The City Organization By-law. The City Clerk is also designated as the head of the public body under The Freedom of Information and Protection of Privacy Act (FIPPA). The Department leads the City-wide Records Management program and preserves civic history through the operation of the City Archives. The Department also undertakes all hearings related to assessment appeals through the Board of Revision.

Key Goals

1. To lead in the provision of customer service to our varied clients including the Mayor's Office, Councillors, the Administration and the Public.
2. Enable cost savings and improve delivery of services to Council and the Public through the ongoing development of information technology by continuing to enhance Open Government, e-government and other electronic systems.
3. Review existing systems to ensure they are in keeping with changing environmental conditions and making full usage of technology and processes to reduce costs and maximize efficiency.
4. Ensure democracy at the local government level with ongoing election planning and delivery for by-elections and general elections.

2019 Preliminary Operating Budget Listing of Grants/Payments

Grants included in this appendix are broken into three categories, as follows:

Annual Grant Agreements:

Are grants / payments to organizations which provide demonstrable cultural, social or economic benefit to the community and where the City does not receive any goods or services directly in return for the funds (with the exception of community partnerships) nor do they expect repayment or any other financial return. Eligibility and entitlement requirements are reviewed annually.

Multi-Year Arrangements:

Are grants / payments to entities where the City of Winnipeg has long-term contractual arrangements in place or the nature of the arrangement is long-term.

Other Programs:

Are primarily grant programs where recipients are determined throughout the course of the year. With the exception of the per capita grants, the Director of the department responsible for each such grant program is delegated the authority to determine grant recipients.

The listing of Grants / Payments is not inclusive of all City of Winnipeg grants (e.g. grants from reserves authorized through separate reports, various value-in-kind grants, etc).

Appendix 2

2019 Fees and Charges Schedule Increases Greater than Inflation

Service Name Fee Name and Description	Rate 2018 (\$)	Proposed 2019 Rate (\$)	Units
--	-------------------	-------------------------------	-------

All new and above inflation rates are Effective April 1, 2019

Solid Waste Collection and Disposal

Residential Property Collection:

Waste diversion user fee for all residential properties	\$0.1575	\$0.1726	per day, per dwelling unit
---	----------	----------	----------------------------

Non-Residential with 0-600L garbage container capacity and 2,250L or more recycling container capacity per week:

Waste diversion user fee (exceptions - no charge for registered charities and places of worship)	\$0.1575	\$0.1726	per day, per property
--	----------	----------	-----------------------

Fees and Charges - Inflationary Increases

Fees and Charges By-Law 196-2008 outlines the following:

Inflationary Increases to fees authorized

3(1) Subject to this By-law the Chief Financial Officer is hereby authorized to increase annually any fee imposed by the City of Winnipeg by an amount equal to or less than the rate of inflation.

The rate of inflation used for the 2019 fees was the last actual rate published by Statistics Canada (at the time of this budget process) - the Consumer Price Index (CPI) for Winnipeg in 2017 - 1.6%

Previous inflation rates used for past Fees and Charges Schedules:

- 2018 - 1.2% (CPI in 2016)
- 2017 - 1.4% (CPI in 2015)
- 2016 - 1.9% (CPI in 2014)
- 2015 - 2.3% (CPI in 2013)
- 2014 - 1.5% (CPI in 2012)

Net Financial Liabilities, End of Year	\$ (756,288)	\$ (839,721)	\$ 83,433

Capital Projects Summary

2019 Preliminary Capital Budget And 2020 to 2024 Five-Year Forecast

Notes:

1. In the attached Capital Projects Summary, tax supported capital projects are financed by cash to capital unless other funding is disclosed for the project.
2. Over the past several years, the City has prepared Volume 1 – “Community Trends and Performance Report”. Included in Appendix 1 of the report is a Financial Trends section setting out details concerning the City’s structural deficit which has been described as financially unsustainable. The City has been contributing cash from its operating budget to the capital budget for many years which at times has averaged over \$60 million. This cash has been used to pay for capital projects which otherwise would require debt financing or further support from federal and provincial partners. However, the City reduced its contribution to the capital budget by \$23.2 million (\$78.8 million to \$55.6 million) commencing in 2017, \$57 million (\$80.3 million to \$23.3 million) in 2018 and \$44.9 million (\$65.9 million to \$21.0 million) in 2019. In 2020 onwards, cash to capital planned contributions in the capital budget (Volume 3) remain at values over \$60 million even though the City’s contribution levels have fallen to \$21.0 million. In turn Appendix 1 of the operating budget (Volume 2) reflects higher value cash to capital contributions leading to growing structural deficits of \$104.8 million in 2020 and \$131.9 million in 2021. If the City is unable to contribute cash to capital in excess of \$60 million in 2020 onwards, it will need to consider increased debt to maintain the capital program at its planned levels, significantly reduce the capital program, reduce expenses or increase revenues.

On June 21, 2018, Council approved a report directing the Public Service to initiate a process to implement a multi-year budget approach effective for the 2020 budget year, with a particular focus on addressing the structural deficit in tax-supported City operations. Significant financial decisions will need to be considered to balance future operating budgets with a view to maintaining levels of service both in tax-supported operations and capital.

Notes:

1. In 2018, Innovation, Transformation and Technology, and Customer Service and Communications were reported in Corporate Support Services (CSS). CSS was reorganized into individual departments so the 2018 figures have been restated accordingly.

2. The 2018 Adopted Capital Budget has been restated to include Winnipeg Fleet Management Agency and Winnipeg Parking Authority.

2018 Adopted Budget	357,385
Winnipeg Fleet Management Agency	22,681
Winnipeg Parking Authority	
2018 Restated Budget	380,066

Glossary

Accommodation Tax - A 5% levy on the purchase price of short term continuous accommodation of 30 days or less consumed and paid for after May 31, 2008. Amounts are collected in the Destination Marketing Reserve.

Active Transportation (AT) - refers to any human-powered mode of transportation, which mainly includes walking, cycling and rolling. The first major stride towards implementing active transportation policy in the City of Winnipeg was the Council approval of the Active Transportation Study in 2006. The approved study served as a resource in formulating future active transportation policies and programs for the City of Winnipeg. Along with the approval of the study was a directive to develop an Implementation Plan based on the guiding principles of the Active Transportation Study. The Implementation Plan was prepared by the Department of Public Works and adopted by Council in April 2007. Since 2007, the City has been expanding the AT network.

Assessed Value - Value determined by estimating the market value of a property for a specific reference year. Taxes are levied on the basis of the assessed value of a property.

Assessment Roll - A document that records assessments that are made in respect to properties described in the document and includes a real property assessment roll, a personal property assessment roll, and a business assessment roll.

Asset Management - is an integrated business approach with the aim to minimize the lifecycle costs of owning, operating, and maintaining assets, at an acceptable level of risk, while continuously delivering established levels of service to the residents of Winnipeg. It includes the planning, design, construction, operation, and maintenance of infrastructure used to provide City services. By implementing asset management processes, infrastructure needs can be prioritized, while ensuring timely investments to minimize repair and rehabilitation costs, in order to maintain City assets.

Balanced Budget - The City of Winnipeg Charter enacted by the Manitoba Legislature defines an operating budget to be balanced when the estimated expenditures for a fiscal year do not exceed the estimated revenues for the year.

Basis of Accounting - The City of Winnipeg uses the full accrual basis of accounting. Revenue is recorded as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the creation of a legal obligation to pay. The City's financial statements are developed in accordance with generally accepted accounting principles for local governments, as recommended by Public Sector Accounting Board (PSAB).

Basis of Budgeting - The City of Winnipeg develops its operating budget for tax supported and utility operations on a modified accrual basis (see Modified Accrual Basis). Difference between the basis of budgeting and accounting include, for example, retirement allowances, vacation, workers compensation, compensated absences, contaminated sites, landfill liability and other accrued employee benefits which are budgeted on a cash basis.

Benchmark - A standard or reference point against which something is measured. The term is used in two different ways: in conjunction with setting long-term goals or targets for a broad

Glossary

range of societal and economic policies; and as a measure of effectiveness in comparing key aspects of an organization's performance with that of similar organizations.

Budget Process - Executive Policy Committee (EPC) of City Council, is responsible for budget development. The budget is presented to City Council for consideration and adoption. Each year, both an operating and a capital budget are approved by City Council.

Both budgets contain multi-year views. The capital budget includes six years of budget information, including the current-year adopted budget and five forecast years. The operating budget contains three years of budget information, including the current-year adopted budget and two projection years.

Business Tax - This is a tax on businesses that occupy space within the City of Winnipeg. Taxes are calculated by applying the annual business tax rate as a percentage of the annual rental value (ARV) of the business premise. The annual rental value is determined by taking into account the rents paid by premises similar in size and location and includes the cost of services necessary for the comfortable use or occupancy of the premise.

Business Tax Adjustments / New Additions - Are taxes added to the taxation roll after tax bill update (TBU). These supplemental taxes are billed based on the change in the ARV for a given business. The Assessment and Taxation Department is allowed to issue supplemental tax bills for the current tax year and to January 1st of the prior year. For businesses, supplemental tax bills are normally prepared when businesses close, move or newly start up.

By-laws - Legislation enacted by City Council under the provisions of The City of Winnipeg Charter.

Capital - Expenditures are considered capital when they have a cost of \$100,000 or more and a useful life of 10 years or longer. This includes individual non-recurring capital projects or ongoing programs investing in various capital assets. Minor maintenance projects should not be included in the capital budget even though the costs may exceed the dollar limit for capital works. Major equipment replacements with very large dollar values such as computer upgrades should be included in the capital budget even though their useful life may be less than 10 years.

Capital Budget - An annual plan of the capital projects to be undertaken by the City, together with the method of financing. The capital budget is prepared for the current year and the subsequent five years. Only the current year's budget is adopted and the remaining five years are approved as a forecast. The Capital Budget is adopted on a project authorization basis, although cash flow estimates are provided for all projects. (See also Five-Year Capital Forecast)

Capital Projects / Capital Works - Capital improvements and other works are generally considered to be projects of a fixed nature and long life which provide new, additional or replacement of public facilities such as streets, water mains, sewers, public buildings, parks, playgrounds, recreational centres, land, etc. Major replacements such as asphalt resurfacing of streets, water main renewals, and waste water sewer renewals could also be considered as capital works. Land acquisition and local improvements are considered to be capital works

Glossary

regardless of expected cost. Capital expenditures are typically acquisition, development or major renovations to assets where the benefit of the expenditure extends into the future.

Cash to Capital - is the cash value that the City invests into its Capital projects.

City (The) - Refers to the City of Winnipeg.

City of Winnipeg Charter (The) - Provincial legislation setting out the powers and responsibilities of the City of Winnipeg.

Class Estimates - The cost estimate classification system was developed in 2015 based on the AACE International Recommended Practices and is included in an appendix in the annual capital budget book. The established benchmark is that a project should have a Class 3 estimate for budget authorization. Projects that are not at a Class 3 should indicate in the detail sheet that a Class 3 estimate or better will be achieved prior to the start of construction. For programs, those projects identified in the year of budget approval should also be at a class 3 and the narrative should indicate that. The Class 3 estimate should set the authorization budget.

Commitment Reserve - On March 12, 1998, City Council approved the establishment of the Commitment Reserve Fund. The purpose of the fund is to allow departments to carry forward committed budget dollars to the succeeding year thereby eliminating the need to re-budget. Contributions to the Reserve must be spent in the year following the transfer. However, contributions can be retained in the Reserve beyond the following year only if approved by the Fund Manager; otherwise the unspent amount must be transferred to the Financial Stabilization Reserve Fund.

The Chief Financial Officer is the Fund Manager.

Community Trends and Performance Report - The City of Winnipeg regularly produces community and demographic information as well as performance measurement information, which has been included as part of the budget since 2010.

The 'Community Trends and Performance Report' combines this information and publishes it as budget 'Volume 1'. This budget Volume 1 is produced early in the budget process to provide context and timely information for the City of Winnipeg Council and the public in support of the upcoming budget decision-making process.

The volume includes an outline of the City of Winnipeg organization, governance and administrative structure; Community Trends related to socio-economic information such as population, demographics, housing, etc.; an overview of the City of Winnipeg's budget process and strategic framework, with highlights from *OurWinnipeg* and the City's Financial Management Plan; and Performance Measures for City of Winnipeg services grouped by Standing Policy Committee, and organization-wide information.

The information is intended to provide relevant current context, and facilitate discussion for the upcoming Budget process.

Glossary

Computer, Critical Systems and Support Reserve (formerly Computer Replacement Reserve) - On March 22, 1995, City Council approved the establishment of the Computer Replacement Reserve Fund. Subject to Council approval of the 2019 Budget, the Reserve will be renamed to Computer, Critical Systems, and Support Reserve. The purpose of the Reserve is to provide financing for the replacement, refurbishing, modifying, or upgrading of personal computer hardware and/or software and to stabilize expenditures, therefore smoothing the effect on the annual budget. Through direct contributions, users contribute an amount to the Reserve for computer equipment based upon the latest actual purchase cost for that type of unit. Other contributions to the Reserve would include investment income.

The Chief Innovation Officer is the Fund Manager.

Consolidated Budget – includes the City of Winnipeg’s operating budgets for tax supported, utility, special operating agency and reserve operations as well as a capital budget and governmental functions or entities, which have been determined to comprise a part of the aggregate City operations. The consolidated budget considers inter-fund transaction eliminations, tangible capital asset based revenues and amortization, controlled entity operations and the accrual of unfunded expenses.

Consolidated Entities - The organizations included in the consolidated financial statements are as follows:

- Assiniboine Park Conservancy Inc.
- CentreVenture Development Corporation
- The Convention Centre Corporation
- Winnipeg Arts Council Inc.
- Winnipeg Public Library Board

Consumer Price Index (CPI) - A statistical description of annual price levels provided by Statistics Canada (Government of Canada). The index is used as a measure of the increase in the cost of living (i.e. economic inflation).

Contribution in Lieu of Land Dedication Reserve - On January 10, 1973, City Council adopted the policy that cash payments received by the City in lieu of land dedication for open space be deposited in a fund to the credit of each community. On January 17, 1979, City Council amended that policy to permit proceeds from the sale of surplus Parks and Recreation lands to be deposited to the Contributions in Lieu of Land Dedication Reserve Fund account of the respective community. On September 19, 1990, City Council adopted the recommendation that revenue would be apportioned amongst the communities on the basis of 75% to the account of the community in which the revenue was collected and 25% to be divided equally amongst all communities. This change was phased in over three years commencing in 1991.

Expenses are limited to the acquisition or improvement of land for parks, recreation facilities, or open space.

The Director of Planning, Property and Development is the Fund Manager.

Debt Charges - The annual amount of principal and interest which must be paid each year through the operating budget. There are two forms of debenture structure. The Sinking Fund

Glossary

Debenture issue requires annual payments to be made to the Sinking Fund. These funds are then invested by the Sinking Fund for the retirement of the debenture issue on its maturity date. A serial issue requires annual payments of principal and interest in order that the debt is paid off in regular installments throughout the life of the issue.

Department - The basic organizational unit of the City which is functionally unique in its delivery of services. In general, Departments are managed by a Director.

Destination Marketing Reserve - On October 22, 2008, City Council approved the creation of the Destination Marketing Reserve Fund with an effective date of January 1, 2009. The purpose of the Reserve is to support Economic Development Winnipeg Inc., The Convention Centre Corporation and special events including other organizations, projects and events that will encourage tourists to visit Winnipeg. The source of revenue for the Reserve is a 5% accommodation tax, which was adopted by City Council on April 23, 2008.

The Chief Financial Officer is the Fund Manager.

Director - The head of a City department.

Dividend - A dividend is an interfund transfer from a City Utility or a Special Operating Agency (SOA) to the City tax-supported fund (Fund 001) based on available uncommitted funds or operational surplus.

Economic Development Investment Reserve - The Economic Development Investment Reserve Fund was created by City Council on June 21, 2000. It is intended to fund City economic development incentives and investment projects. This Reserve invests directly in particular projects rather than being a funding mechanism for programs. The incremental portion of realty and business taxes generated by projects in which the fund has invested will be returned to the Reserve until the original investment has been repaid.

The Director of Planning, Property and Development is the Fund Manager.

Effectiveness Measure - a performance measure intended to evaluate service delivery relative to service standards or the customer's needs and expectations.

Efficiency Measure - a performance measure comparing the resources used to the number of units of service provided or delivered (typically cost for a service or unit of service).

Electricity Tax - The electricity tax is legislated by Section 441 of the City of Winnipeg Charter. The rate charged is 2.5% for domestic consumption and 5% for commercial consumption, beyond the electricity used for space heating purposes, which is conclusively deemed to be 80% of the total consumption. If a "primarily electric heat" dwelling unit, 20% is taxable, 80% is exempt. If a dwelling unit is "primarily gas heat", then there is no exempt portion on the electrical side. The tax is calculated and levied by Manitoba Hydro and is remitted to the City of Winnipeg on a monthly basis.

Entertainment Funding Tax - The tax is 10% on cinema ticket prices of \$5.00 or more.

Glossary

Entertainment Funding Tax Refundable - Goldeyes - The Winnipeg Goldeyes has a long term arrangement with respect to entertainment tax approved by Council. The full amount of entertainment tax remitted during the year is refunded back at the end of the season - conditional upon all aspects of an amateur access/community use agreement with the City being honored.

Entertainment Funding Tax Refundable - True North - True North Inc. has a long term arrangement with respect to entertainment tax approved by Council. The full amount of entertainment tax remitted during the year is refunded back at the end of the season.

Entertainment Funding Tax Refundable - Winnipeg Football Club (WFC) - In a long term agreement approved by Council, the entertainment tax revenue from the Winnipeg Football Club's one pre-season game and nine regular season games will be refunded back to the Winnipeg Football Club in order to pay off its debt with BBB Stadium Inc. Entertainment tax revenue for any playoff games or other events held at the stadium will be refunded back to the WFC.

Environmental Projects Reserve - On December 17, 1993, City Council authorized the establishment of a River Quality Environmental Studies Reserve Fund for the purpose of providing funding for environmental projects to improve river quality. On January 24, 1996, City Council changed the name of this Reserve to the Environmental Projects Reserve Fund to more accurately reflect the nature of the projects reported in this Reserve.

The Reserve is financed through a monthly transfer from the Sewage Disposal System Fund based on the amount of water consumption billed. The Reserve has funded ammonia, nitrification and combined sewer overflow ("CSO") studies. It now funds a portion of the wastewater collection and treatment system improvements as directed by the Province of Manitoba ("the Province"). This includes effluent disinfection, centrate treatment, biological nutrient removal, CSO mitigation infrastructure and biosolids.

River quality is under the jurisdiction of the Province and in 2003 the Clean Environment Commission ("CEC"), at the request of the Minister of Conservation, conducted public hearings to review and receive comments on the City's 50-year wastewater collection and treatment improvement program. At the conclusion, the CEC recommended that the City implement these improvements over a 25-year period, which was subsequently ordered by the Minister of Conservation on September 26, 2003.

On September 3, 2004, the Province issued Environment Act License No. 2669 for the West End Water.

Pollution Control Centre, which provided for the plan as directed by the Minister of Conservation. Certain provisions of this license were appealed by the City. Revised License No. 2669 E R R and No. 2684 R R R, for the North End Water Pollution Control Center, were issued on June 19, 2009, incorporating the City's requested changes. On March 3, 2006, a similar license (No. 2716) was issued for the South End Water Pollution Control Centre. Effective April 18, 2012, the South End Water Pollution Control Centre license

Glossary

(No. 2716RR) was revised in response to the Save Lake Winnipeg Act requirement. This Reserve partially funds capital projects to bring the City in compliance with the license requirements.

The Director of Water and Waste is the Fund Manager.

External Debt - Obligation resulting from the borrowing of money from sources other than City funds, primarily by the sale of debentures in public capital markets.

Federal Gas Tax Revenue Reserve - City Council, on January 25, 2006, authorized the establishment of the Federal Gas Tax Revenue Reserve Fund. The purpose of the Reserve is to account for funds received from the Province under the Federal Gas Tax Funding Agreement.

On November 18, 2005, the Government of Canada and the Province entered into an agreement on the Transfer of Federal Gas Tax Revenue under the New Deal for Cities and Communities. Under this deal, the Province agreed to administer the funds on behalf of the Federal Government and to conditionally provide the funds to the City, subject to receipt of funding from the Federal Government. The funds are intended specifically for eligible projects such as: Public Transit; Water; Wastewater; Solid Waste; Community Energy Systems; and Active Transportation Infrastructure.

On March 24, 2006, the Province and the City signed the Gas Tax Funding Agreement. The agreement was effective as of April 1, 2005 and continues until March 31, 2015 or unless terminated earlier in accordance with section 10 of the agreement.

On January 12, 2007, City Council authorized that Infrastructure Levies (Gas Tax) be allocated to the Public Works Department for road and bridge projects through the 2007 capital budget process.

On July 16, 2014 City Council authorized that the purpose of the Federal Gas Tax Revenue Reserve be amended to include 18 project categories as listed in Schedule 1 of the most recent Manitoba-City of Winnipeg Municipal Gas Tax Agreement to administer the Canada-Manitoba Administrative Agreement on the Transfer of Federal Gas Tax Revenue. The list of eligible project categories includes local roads and bridges, broadband connectivity, public transit, drinking water, wastewater, solid waste, brownfield redevelopment, sport infrastructure, recreational infrastructure and cultural infrastructure.

The Director of Public Works is the Fund Manager.

Fees and Charges Schedule - published annually in accordance with the Fees and Charges By-Law (196/2008) to identify the current fees and charges administered by the City of Winnipeg and the authority under which they are administered.

http://www.winnipeg.ca/finance/documents_page.stm

Financial Management Plan (FMP) - The City's official public strategy for guiding the financial decision-making process. This document, adopted by Council on March 23, 2011, outlines the City's top financial goals to strengthen and maintain its financial position.

<http://www.winnipeg.ca/finance/files/fmp.pdf>

Glossary

Financial Stabilization Reserve - The purpose of the Financial Stabilization Reserve Fund is to counteract the budgetary effect of fluctuations from year to year in property and business taxes and/or to fund deficits in the General Revenue Fund, which assist in the stabilization of the City's mill rate and/or property tax requirements.

Various structural changes have occurred over the years in this reserve.

On September 28, 2011, City Council adopted the combining of the Fiscal Stabilization Reserve and the Mill Rate Stabilization Reserve Funds into the Financial Stabilization Reserve Fund. All previous regulations for the two Stabilization Reserves were replaced with the following:

- Sources of funding for the Reserve are: the excess of actual total taxes billed compared to budget; surpluses in the General Revenue Fund; unspent amounts in the Commitment Reserve Fund; and interest revenue.
- The Reserve can be used to fund any shortfall of actual total taxes billed compared to budget; major unforeseen expenditures once the target level is exceeded and subject to rules noted below; General Revenue Fund year-end deficits and subject to rules noted below; and one-time expenditures once the target level has been reached.
- No transfers can be made to the General Revenue Fund to fund ongoing current operations.
- Funds above the 8% target may be used for major unforeseen expenditures and General Revenue Fund deficits. Accessing funding in any given year requires City Council approval if the required amount would reduce the Reserve's balance below the 8% target.
- A replenishment plan shall be adopted by City Council if the Financial Stabilization Reserve Fund's equity is reduced below the 8% target of tax-supported expenditures.

On March 23, 2015, City Council adopted the 2015 Operating Budget which included a change in the target balance for the Financial Stabilization Reserve from 8% to a minimum of 6% of tax-supported expenditures.

The Chief Financial Officer is the Fund Manager.

Fiscal Year - The fiscal year of the City is the 12 months ending on December 31 each year.

Five-Year Capital Forecast - The long-term plan for capital expenditures to be incurred for the five years following the budget year. Section 284(2) of "The City of Winnipeg Charter" requires Council, in addition to the capital budget for the budget year, to include a capital program for five years. Only the current year's budget is adopted, and the five year capital forecast is approved as a forecast.

Frontage Levy - A charge to property owners through the property tax bill. Calculation of the frontage levy is based on the length of the boundaries (frontage) of the property that fronts or abuts any portion of a sewer main or water main. As set out in the City of Winnipeg Charter, these funds can be used for the upgrading, repair, replacement and maintenance of water and sewer mains, streets and sidewalks; installation, upgrading, repair, replacement and maintenance of lighting in streets and back lanes.

Glossary

Fund Balance - Measures the net financial resources available to finance expenditures of future periods and is the difference between governmental fund assets and liabilities, also referred to as fund equity.

General Capital Fund - The accounting fund created to account for tax-supported capital transactions of The City of Winnipeg.

Full-Time Equivalent (FTE) - The total number of hours worked converted to the equivalent of full-time staff persons working a whole year.

General Purpose Reserve - On March 15, 2000, City Council approved the establishment of the Pension Surplus Reserve Fund. The Reserve was funded by the retroactive refund of pension contributions for 1998 and 1999. City Council also approved that the purpose of the Reserve and further details including the use of these funds be subsequently determined by City Council.

On May 23, 2001, City Council approved the amalgamation of the Pension Stabilization Reserve and Pension Surplus Reserve Funds and the new Fund be renamed the General Purpose Reserve Fund.

On June 25, 2014, City Council approved an amendment to the Councillors' Ward Allowance (CWA) Policy year end section 3.10, to include the following: "Unexpended funds from Councillor Ward Allowances may be carried over to the following year, at the discretion of the Ward Councillor, up to a maximum of 10% of the total ward allocation, and on October 28, 2015 added that the CWA carry over funds be established as a permitted use in the General Purpose Reserve."

The Chief Financial Officer is the Fund Manager.

Golf Course Reserve - The Golf Course Reserve Fund was created by City Council on April 28, 1994, to provide funding for enhancements to the Municipal Golf Courses in order to keep them competitive with those in the private sector.

The Director of Planning, Property and Development is the Fund Manager.

Government Grants - Payments from other levels of government for specific programming or payments made unconditionally for City purposes.

Grant Payments - The City of Winnipeg accepts operating grant applications each year and the applications are considered during the annual budget process, with the final decision being made by City Council.

Annual grants are payments to organizations which provide demonstrable cultural, social or economic benefit to the community and where the City does not receive any goods or services directly in return for the funds (with the exception of community partnerships) nor do they expect repayment or any other financial return. Eligibility and entitlement requirements are reviewed annually.

Glossary

Multi-year grant agreements are payments to entities where the City of Winnipeg has long-term contractual arrangements in place or the nature of the arrangement is long-term.

Other programs are primarily grant programs where recipients are determined throughout the course of the year. With the exception of the per capita grants, the Director of the department responsible for each such grant program is delegated the authority to determine grant recipients.

A listing of grant payments is included in the annual operating budget.

Heritage / Economic Development Property Tax Credit - The Program's objective is to facilitate the conservation and continued use/viability of heritage buildings in Winnipeg by incenting the restoration or rehabilitation of existing buildings as well as projects that have economic benefit to the City.

Heritage Investment Reserve - The Heritage Investment Reserve Fund was created by City Council on June 21, 2000. It funds all City and City-sponsored heritage programs and acts as a revolving fund so that future funding of heritage programs can be sustained and thereby reduces the need to obtain additional funding. An important source of ongoing funding for the Reserve will be incremental tax revenues from projects financed by the Fund.

The Director of Planning, Property and Development is the Fund Manager.

Housing Rehabilitation Investment Reserve - The Housing Rehabilitation Investment Reserve Fund was created by City Council on June 21, 2000. It funds City housing programs not provided for in operating budgets. It was intended that this Reserve act as a revolving fund so that incremental tax revenues resulting from housing programs in which the Reserve invested would be returned to the Reserve to finance future projects. The Reserve continues to support housing programs in Housing Improvement Zones as well as the Indigenous Housing Program and is funded by an annual transfer from the General Revenue Fund. Since 2012, the City has acted as the 'Community Entity' for the delivery of the federal government's Homelessness Partnering Strategy ("HPS"), the related revenues and expenditures being recorded in the Reserve. Funding received covers the cost of grants provided under two HPS program streams ("Designated Community" and "Indigenous Homelessness") as well as administrative expenditures.

The Director of Planning, Property and Development is the Fund Manager.

Impact Fee - A fee imposed on new development to assist with the costs associated with accommodating and managing growth and development. On October 26, 2016, Council passed the Impact Fee By-Law (127/2016) which phases in the implementation of an Impact Fee over a three-year period.

The Impact Fee, which was established by Council on October 26, 2016 and which took effect on May 1, 2017, shall be increased by an amount equal to the rate of construction inflation for the previous year, to a maximum of 5% per year.

Glossary

Impact Fee Reserve - On October 26, 2016, Council approved the establishment of the Impact Fee Reserve to fund growth-related capital projects approved by the Chief Financial Officer with consideration to the input provided by the Impact Fee Working Group, as well as to pay the costs of administering the Impact Fee By-law and Reserve Fund. All funds generated by the impact fee are to be deposited into the Reserve. Use of the Impact Fee Reserve for purposes other than those set out in Council's October 26, 2016 resolution require a 2/3 vote of Council.

The Chief Financial Officer is the Fund Manager.

Insect Control Urgent Expenditures Reserve - On March 23, 2005, City Council approved the establishment of the Insect Control Urgent Expenditures Reserve Fund. The purpose of the fund is to absorb unexpected costs for mosquito control in years where the City of Winnipeg experiences above average response levels.

The Reserve balance should never exceed \$3.0 million and the Chief Administrative Officer has the authority to over-expend to a maximum of \$3.0 million in the event of insufficient funds.

The Director of Public Works is the Fund Manager.

Insurance Reserve - In 1960, the Insurance Reserve Fund was established. The reserve was to be used for the purpose of replacing or repairing City properties and/or contents that had been damaged by fire or any other cause. In 1973, the use of the Insurance Reserve Fund also included the purpose of paying for any other losses that the City might incur in any part of its self-insurance program. Such uses would include third party liability claims, or property damage claims, including motor vehicles.

The Corporate Controller is the Fund Manager.

Internal Financing - An interim funding source from the available, short-term cash flow surpluses from various City sources such as the general capital fund and capital and special purpose reserves that can be used to fund capital projects. Council also approves an external borrowing authority for the internal financing amount in the capital budget to ensure that funds are available for the projects to proceed if short term cash surpluses become unavailable.

Key Goals - Key Goals are provided for each service in the service-based budget, and represent the desired high-level outcomes for that service area.

Land Operating Reserve - City Council, on May 16, 1973, authorized the establishment of a Land Operating Reserve Fund to reduce the need for the issuance and sale of debentures in connection with the acquisition cost of properties for resale.

Disbursements from this Reserve are limited to the acquisition cost of properties for resale, and any other expenses directly related to the acquisition, sale and improvement of disposable City properties. Use of the Reserve's funds for any other purpose requires the authorization of City Council. This Reserve is maintained by the proceeds from the sale of City-owned properties and interest earned.

Glossary

In accordance with City Council directives, 5% of the gross sales revenue is allocated to the Historical Building Program, another 5% of gross sales revenue is allocated to the Enhanced Land Marketing Program to finance those activities necessary to facilitate the sale of surplus lands and 15% is allocated to the Community Centre Renovation Grant Program annually, subject to Council approval.

City Council, on July 19, 1999, adopted a policy that in order to sustain the business operations supported by the Reserve, equity be allowed to accumulate within the Reserve sufficient to eliminate the inter-fund debt owing to the General Revenue Fund created in past years. Any surplus funds greater than the amount required for the purposes of the Land Operating Reserve Fund and meeting the annual budgeted transfer to the General Revenue Fund is to be transferred to the Commitment Reserve Fund.

The Director of Planning, Property and Development is the Fund Manager.

Landfill Rehabilitation Reserve - On December 17, 1993, City Council authorized the establishment of a Brady Landfill Site Rehabilitation Reserve Fund for the purpose of providing funding for the future development of the Brady Landfill Site. The Reserve is financed through a monthly transfer from the Solid Waste Disposal Fund based on tonnages processed at the landfill.

Effective January 1, 2018 the Brady Landfill Site Rehabilitation Reserve was terminated and replaced with a new Landfill Rehabilitation Reserve in accordance with Section 289 of the City of Winnipeg Charter.

The purpose of the new reserve is to provide funding, over time, for closure and post-closure landfill needs including leachate management, environmental monitoring and site restoration costs for all active and closed landfills maintained under the responsibility of the City.

This reserve will continue to be funded through annual deposits from tipping fee revenue accounts of the Solid Waste Disposal Fund based on a portion of the tipping fee per tonne charged on garbage disposal, the current rate is \$1.00 per tonne of material landfilled.

The Director of Water and Waste is the Fund Manager.

Local Improvements - Local Improvement capital projects are those which are financed partly by a direct levy on the properties benefited (Property Owner's Share) and partly by a mill rate levy over the city-at-large (City's Share). The program is governed by Local Improvement By-Law No. 98/72 and is subject to advertising and subsequent approval by the majority of ratepayers involved. The type of expenditures generally falling within this category are: paving of local streets and lanes; sidewalk and boulevard construction; installation of new water mains and sewers; ornamental street lighting and lane lighting.

Local Street Renewal Reserve - The Local Street Renewal Reserve was established in 2013 to increase investment in local streets, lanes and sidewalks. Subject to annual Council approval, a separate property tax increase will fund this reserve each year to ensure a dedicated funding system for local streets. Use of the Local Street Renewal Reserve for

Glossary

purposes other than local streets, lanes, or sidewalk renewals requires approval of 2/3 of City Council.

The Director of Public Works is the Fund Manager.

Major Capital Projects - are projects that reach a specific minimum dollar threshold and above. In 2019 the threshold was \$23 million. This threshold increases annually by construction inflation.

A listing of major capital projects is included in the annual capital budget.

Mill Rate - A mill rate is a term used to decide how taxes are set. A "mill" is equivalent to a one thousandth part. For the purposes of calculating property taxes, one mill represents \$1.00 of taxes for every \$1,000 of portioned assessment. The portioned assessment is the part of the total assessed value of a property that is subject to taxation.

Modified Accrual Basis - A hybrid of cash and accrual methods of accounting in which revenues are recognized when earned, measurable and available. Expenses are recognized when liability is incurred, except for certain expenses such as those associated with retirement allowances, vacation, workers compensation, compensated absences, contaminated sites, landfill liability and other accrued employee benefits which are budgeted on a cash basis. As well, debt servicing payments are budgeted for when due and depreciation of assets is not budgeted.

Multi-Family Dwelling Tax Investment Reserve - On May 22, 2002, City Council approved the establishment of the Multiple-Family Dwelling Tax Investment Reserve Fund. The Reserve is designed to act as a bank that accumulates incremental taxes generated by approved multi-family dwelling construction/rehabilitation projects. When the incremental taxes for each project accumulates to the pre-approved amount, the balance is paid back to the applicant developer as a "Tax Incentive Grant".

The Director of Planning, Property and Development is the Fund Manager.

Municipal Benchmarking Network Canada (MBNC) - is a national benchmarking organization comprised of partner municipalities who identify, collect, analyze and report consistent and comparable data in municipal service areas. The information reported, and the partner network, promote sharing of best practices and strategies to support continuous improvement in the delivery of municipal services. <http://mbncanada.ca/>

Municipal General Services Fee - The General Services Fees is revenue related to municipal services that are billed for Urban Reserves and these fees are in lieu of property taxes.

Natural Gas Tax - The natural gas tax is legislated in Section 441 of The City of Winnipeg Charter. The rate charged is 2.5% for domestic consumption and 5% for commercial consumption, beyond the natural gas used for space heating purposes. If the dwelling unit is "primarily gas heating", a baseload is calculated based on consumption in June, July, and August. Gas tax is then applied to the lesser of actual consumption or baseload. If the dwelling unit is "primarily electric heat" then this tax is applied to the full consumption. The tax is

Glossary

calculated and levied by Manitoba Hydro and is remitted to the City of Winnipeg on a monthly basis.

Net Taxes Added - Are taxes added to the taxation roll after tax bill update (TBU). These supplemental taxes are billed based on the change in the assessed value for a given property. The Assessment and Taxation Department is allowed to issue supplemental tax bills for the current tax year and to January 1st of the prior year.

Operating Expenditures - The ongoing cost to provide a product or service. This includes the cost for personnel, materials, equipment and other consumables required for a department to function and provide services.

OurWinnipeg - The City's strategic long-term planning document, adopted by Council on July 20, 2011, which establishes direction for the City and the steps that need to be taken along the way. Other documents, budgets, public capital works, programs, or developments initiated or approved by the City of Winnipeg will align with OurWinnipeg.

Pay-As-You-Go - A means of financing capital projects whereby the City pays for the projects from direct contributions from the current budget, from retained earnings, or from reserves established for capital purposes, rather than issuing external debt.

Payments in Lieu of Taxes - The federal and provincial governments, Crown Corporations, universities and City utilities do not have a legal obligation to pay property taxes; however an amount equivalent to the taxes is paid to the General Revenue Fund for City services by way of a payment in lieu of taxes.

Pedestrian and Cycling Program - provides recommendations for infrastructure projects, programs and studies identified in the Pedestrian and Cycling Strategies. Projects may include: new sidewalks on Regional and non-Regional streets, new multi-use paths, new bicycle routes, crossing control improvements, public education, awareness and promotion and partnership grants. All recommended projects support the key directions of the Pedestrian and Cycling Strategies (PCS).

Performance Measurement - Performance measurement is the process of collecting, analyzing and/or reporting information regarding the performance of an organization, service, system or component.

Permit Reserve - On March 20, 2007, City Council approved the establishment of the Permit Reserve Fund. The purpose of the Reserve is to mitigate revenue shortfalls and fund temporary staffing needs during busy periods through economic boom/bust cycles. The Reserve is also meant to provide a source of funds for service and system improvements. The Reserve is funded by the excess of permit revenue in the General Revenue Fund compared to budget in any given year. The balance in the Reserve is capped at \$3.0 million and any surplus funds over and above the cap are to be transferred to the General Revenue Fund.

On March 22, 2011, City Council approved the cap be revised to \$2.0 million and any surplus funds above the cap be transferred to the General Revenue Fund, reported in the Planning, Property and Development Department.

Glossary

The Director of Planning, Property and Development is the Fund Manager.

Perpetual Maintenance Funds - (Brookside, St. Vital and Transcona Cemeteries) The terms of By-law No. 14725 of the former City of Winnipeg, passed on April 8, 1935, created a fund for the perpetual care and maintenance of Brookside Cemetery. Later on By-law No. 1996/78, also created funds for the perpetual care and maintenance of St. Vital and Transcona Cemeteries.

Section 29 of By-law No. 5720/91 amending and restating By-law 1996/78, relating to Cemeteries, sets forth the purpose and use of the Perpetual Maintenance Funds.

These funds are for the purpose of creating, building up, and maintaining a perpetual maintenance fund for the care and maintenance of Brookside, St. Vital, and Transcona Cemeteries. Section 12 of By-law No. 130/2007 includes: "Each cemetery will have a separate Perpetual Maintenance Reserve Fund created with a sum equal to 25% of the purchase price of a lot, plot or cremated remains lot/plot, or a sum equal to 15% of a cremorial or niche purchase, or a sum equal to 10% of a scattering of cremated remains, set aside in the reserve, invested and applied to and for the perpetual care of the lot or plot or cremated remains lot/plot, cremorial, niche, scattering bed or ossuary area. Perpetual care includes general maintenance of lots, plots, cremated remains lots/plots, columbarium niches or the cemetery enclosure.

The City may, annually, utilize up to 50% of the yearly earnings from the relevant Perpetual Maintenance Reserve to undertake improvements or maintenance on the cemetery."

The Director of Planning, Property and Development is the Funds Manager.

Property Tax Revenue - This is the money that the City bills the property owners in the City of Winnipeg to fund tax-supported expenditures. Property taxes are calculated by applying the municipal mill rate against the portioned assessment of your property. By definition, a mill is a one-thousandth part. For calculating taxes, one mill represents \$1.00 of taxes for every \$1,000.00 of portioned assessment.

Provision for Cost Variability ("Provision") - is an inter-fund transfer from the Municipal Accommodations Fund (Fund 554) to the City tax-supported fund (Fund 001). It represents a portion of market rents charged by Municipal Accommodations to its accommodation customers; that portion being the variance between market rent rates charged and the cost to provide and reinvest in the accommodations.

Public-Private Partnership (PPP or P3) - is a contract between a public sector entity and a private sector entity that outlines the provision of assets and the delivery of services. Although this can include almost any type of infrastructure or service, some of the more common P3 projects include hospitals, bridges, highways, new types of technology and new government buildings. Across Canada, P3s have become an increasingly prominent procurement vehicle for governments.

Residential Recycling - Revenue received from Multi Material Stewardship Manitoba (MMSM) on a percentage of cost basis to help fund the waste diversion program for the City.

Glossary

Regional Street Renewal Reserve - The Regional Street Renewal Reserve was established in 2014 to increase investment in regional streets and sidewalks. A separate property tax increase will fund this new reserve each year to ensure a dedicated funding system for local streets. Use of the Regional Street Renewal Reserve for purposes other than regional streets or sidewalk renewals requires approval of 2/3 of City Council.

The Director of Public Works is the Fund Manager.

Regulation Fees - Fees charged to users for regulated/controlled services typically where licenses and permits are required. Fines and penalties are also included in this revenue category for summary purposes.

Reserves - Represent amounts appropriated for designated requirements as established by Council. Part of best practices for fund accumulation to replace capital assets and to provide financial flexibility in times of budget shortfall. A listing of the reserve funds is noted below and a description for each one can be found in this glossary.

- Commitment Reserve
- Computer and Critical Systems and Support Reserve
- Contribution in Lieu of Land Dedication Reserve
- Destination Marketing Reserve
- Economic Development Investment Reserve
- Environmental Projects Reserve
- Federal Gas Tax Revenue Reserve
- Financial Stabilization Reserve
- General Purpose Reserve
- Golf Course Reserve
- Heritage Investment Reserve
- Housing Rehabilitation Investment Reserve
- Impact Fee Reserve
- Insect Control Urgent Expenditures Reserve
- Insurance Reserve
- Land Operating Reserve
- Landfill Rehabilitation Reserve
- Local Street Renewal Reserve
- Multi-Family Dwelling Tax Investment Reserve
- Permit Reserve
- Perpetual Maintenance Funds
- Regional Street Renewal Reserve
- Sewer System Rehabilitation Reserve
- Southwest Rapid Transit Corridor Reserve
- Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass Payment Reserve
- Transit Bus Replacement Reserve
- Waste Diversion Reserve
- Watermain Renewal Reserve
- Workers Compensation Reserve

Glossary

Retained Earnings - Equity accounts that represent the accumulated surpluses from operations that are not for general distribution, but rather are used to fund capital projects, leverage debt, or are reinvested in service delivery.

Revenue - Sources of income to The City of Winnipeg recorded in the General Revenue Fund. A listing of major sources of revenue is noted below and a description for each one can be found in this glossary.

- Accommodation Tax
- Business Tax
- Business Tax Adjustments / New Additions
- Electricity Tax
- Entertainment Funding Tax
- Entertainment Funding Tax Refundable – Goldeyes
- Entertainment Funding Tax Refundable – True North
- Entertainment Funding Tax Refundable – Winnipeg Football Club (WFC)
- Frontage Levy
- Government Grants
- Natural Gas Tax
- Net Taxes Added
- Payments in Lieu of Taxes
- Property Tax Revenue
- Regulation Fees
- Sales of Goods and Services
- Sewer Services
- Solid Waste Disposal Services
- Tax Penalty Interest
- Transfers
- Transit Service Fare Revenue
- Water Services Sales

Sales of Goods and Services - Revenue category of fees charged to users for services provided on a fee for service basis by the City for the convenience and quality of life for residents. Generally the consumer can exercise choice on whether or not to consume the service. Examples include recreation and ambulance fees.

Self-Supporting Utility - The Water and Waste Utilities do not receive subsidies from the mill rate or tax supported budget.

Service (Internal) - Those services which are offered internally to one or more organizational units within the corporation in support of public service delivery.

Service (Public) - An operational concept where something of value is provided to individual members of the public, or defined members of the public (client set) or the public collectively.

Service-Based Budget (SBB) - Displays budget information (how much the service will cost and how the service is to be funded) and performance measures for services provided, including all components regardless of which unit or department delivers the service. The

Glossary

service-based budget is intended to provide more transparent reporting and a more direct link between the budgets provided and the services delivered.

Service Level Statistics - Are service-related metrics intended to reflect the amount of activity or services provided with the resources approved by City Council, as well as changing circumstances in the community or service industry that may impact the service.

Sewer Services Revenue - This revenue is generated when the sewer rate is applied to the amount of water used as measured by the water meter, since most of it ends up as sewage. This money is used to collect, transport and treat sewage so that it meets environmental requirements before it is released to the Red and Assiniboine Rivers.

Sewer System Rehabilitation Reserve - On May 27, 1992, City Council authorized the establishment of the Combined Sewer Renewal Reserve and the Wastewater Sewer Renewal Reserve Funds. These Reserves were established for the renewal and rehabilitation of combined sewers and wastewater sewers, respectively, with funding provided from the frontage levy identified for this purpose in By-law 549/73 (amended by By-law 7138/97). The purpose of the Reserves was to provide a consistent approach to financing infrastructure renewal and rehabilitate combined sewers and to renew and rehabilitate wastewater sewers (as defined by the Sewer Utility By-law 5058/88).

The annual frontage levy funding was allocated by City Council between the Combined Sewer Renewal Reserve and the Wastewater Sewer Renewal Reserve in accordance with the capital program requirements.

On January 30, 2002, City Council passed By-law No. 7958/2002 "Frontage Levy By-law" to include the repair and replacement of streets and sidewalks in residential areas.

On September 27, 2006, City Council approved the consolidation of the Combined Sewer Renewal Reserve and the Wastewater Sewer Renewal Reserve Funds into the Sewer System Rehabilitation Reserve Fund, which was effective on October 1, 2006.

On December 15, 2009, City Council authorized, by way of approval of the Capital Budget, that effective 2009, frontage levy revenue collected on property taxes would no longer fund the Sewer System Rehabilitation Reserve as of 2011. Therefore, the Sewer System Rehabilitation Reserve is fully funded through sewer rates transferred from the Sewer Disposal System Fund as well as interest earned on the reserve fund balance.

The Director of Water and Waste is the Fund Manager.

Shared Health - Shared Health leads the planning and coordinates the integration of patient-centered clinical and preventive health services across Manitoba. The organization also delivers specific province-wide health services and supports centralized administrative and business functions for Manitoba health organizations.

Sinking Fund - A fund established by setting aside annual contributions or levies over a period of time to fund the repayment of long-term debt at maturity. The city administration manages the sinking fund contributions on sinking fund debentures.

Glossary

Solid Waste Disposal Services Revenue - The service consists of several primary sources of revenue including tipping fees, waste diversion user fees and residential recycling revenue (a definition of each can be found in this glossary).

Southwest Rapid Transit Corridor Reserve - On March 26, 2008, City Council approved that a Rapid Transit Infrastructure Reserve Fund be established, and that the purpose of the Reserve be to accumulate funds and subsequently to expend on future costs incurred on account of public transit infrastructure, including the construction of rapid transit corridors contemplated in the future.

On October 22, 2008, City Council approved that the purpose of the Rapid Transit Infrastructure Reserve be revised to accumulate funds and subsequently expend on costs incurred on account of public transit infrastructure, including the operation and construction of the rapid transit infrastructure, structures and facilities, development, and other related costs including bus purchases, technology, personnel, and land acquisition.

On January 29, 2013, City Council approved that effective January 1, 2014 the reserve be renamed the Southwest Rapid Transit Corridor - Stage 2 Reserve. In addition the purpose has been revised to: a) accumulate capital funds and subsequently expend such funds on future costs incurred on account of public transit infrastructure, and more specifically, the construction of the Southwest Rapid Transit Corridor - Stage 2, and the purchase of vehicles associated with Stage 2, contemplated in the future; b) contribute to the proposed Jubilee Rapid Transit Station if net proceeds of the disposition of the subject City property are insufficient to cover the City's share, as approved by City Council on October 24, 2012; c) pay for any residual land acquisition settlements for the Southwest Rapid Transit Corridor - Stage 1 project; and d) pay for the ongoing replacement of the 10 buses purchased for the Southwest Rapid Transit Corridor Stage 1 project.

On March 23, 2015 City Council approved that the Reserve be renamed the Southwest Rapid Transit Corridor Reserve.

The Director of Transit is the Fund Manager.

Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass Payment Reserve - On March 23, 2015 City Council approved the establishment of the Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass Payment Reserve. The purpose of the Reserve is to set aside funding for the P3 annual service/financing payment commencing in 2020 for the Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass capital project. On March 22, 2016 City Council approved an amendment to the funding source to be a combination of the dedicated property tax revenue transferred from the General Revenue fund, an annual transfer of \$1.7 million per year from the Transit System Fund starting in 2016 and an annual grant from the Province starting in 2020.

The Director of Transit is the Fund Manager.

Special Operating Agency (SOA) - A special unit of an organization which can operate within or outside the existing city department structure in the delivery of its service(s). It is granted more direct responsibility for results and increased management flexibility needed to attain new

Glossary

levels of service delivery. The authority for SOAs is provided by the City of Winnipeg Charter Section 215.

Standing Committees - Sub-committees of City Council delegated certain powers and duties to facilitate the administration of their assigned City departments which report through them to the Executive Policy Committee and City Council. They also provide a forum for public input and receive recommendations from Community Committees related to their respective responsibilities. Areas of responsibility are Finance; Infrastructure Renewal and Public Works; Innovation; Property and Development, Heritage and Downtown Development; Protection, Community Services and Parks; and Water and Waste, Riverbank Management and the Environment.

Strategy - Those steps taken in support of public and internal service goals.

Tax Penalty Interest - This revenue is generated from property and business tax accounts that are in arrears. Tax penalties are applied to tax accounts in arrears in accordance with the Tax Penalty By-law 5796/91 and the Tax Sale Penalty By-law 8157/2002.

Tax-Supported Services - Goods and services supplied by the City whose costs are supported, in whole or in part, by funds received through property tax revenues.

Tipping Fees - This revenue is generated from charging a per tonne rate to residential and commercial garbage delivered to the City landfills.

Transfers - Refers to transfers to and from reserves, departments, and/or funds.

Transfer to Capital - The mill rate supported funding source for capital projects. The transfer to capital amount is sourced from the general revenue (mill rate supported) fund and moved to the general capital fund to finance the City's capital priorities.

Transit Bus Replacement Reserve - On December 15, 1994, City Council approved the establishment of the Transit Bus Replacement Reserve Fund. The purpose of the Reserve is to provide financing for the replacement or refurbishment of transit buses in a scheduled and pragmatic manner. Contributions to this Reserve will be based on a budgeted appropriation from the Transit Department plus proceeds from the disposal of bus equipment and insurance claims on bus equipment written off. Upon the Transit Department making the outlay to replace or refurbish buses, this Reserve will contribute towards that purchase.

The Director of Transit is the Fund Manager.

TransitPLUS - (formerly Handi-Transit) - a service of Winnipeg's public transit system that provides door-to-door transportation for people who are unable to regularly use the City's fixed route transit system because they are legally blind or have significantly impaired mobility. Winnipeg Transit Plus registrants use a variety of mobility aides including scooters, canes, walkers, and both manual and motorized wheelchairs.

Transit Service Fare Revenue - The revenue generated when the type or class of fare is applied to the applicable rider. There are different rates based on time period (i.e. single ride,

Glossary

weekly, monthly, etc), method (i.e. cash or e-card) and whether rider qualifies for a student, reduced or regular fare.

User Fees/Charges - The payment of a fee for direct receipt of a public service by the party who benefits from the service.

Utility - A utility or public utility provides funding and maintains the infrastructure for and provides a rate based service that is consumed by the public such as water, wastewater, waste disposal, and public transportation.

Waste Diversion User Fee - This revenue is generated to fund new programs that provide residents with more ways to reduce, reuse and recycle. The fee is charged on a daily basis according to dwelling units and appears on the water bill.

Waste Diversion Reserve - On October 19, 2011, City Council approved the establishment of the Waste Diversion Reserve Fund for the purpose of funding waste diversion programs and projects. The reserve is to be funded by surplus monies collected through the waste diversion services user fee. The first transfer to the reserve occurred in 2013.

The Director of Water and Waste is the Fund Manager.

Water Service Sales Revenue - This revenue is generated when the water rate is applied to the amount of water used, as measured by the water meter. This covers the cost of bringing water from Shoal Lake to the consumer, including operating and maintaining the aqueduct, pumping stations, reservoirs, and distribution system.

Watermain Renewal Reserve - On February 18, 1981, City Council established this reserve fund for the purpose of financing the renewal of watermains. It was initially created by the transfer from the Waterworks System and funded through a frontage levy. Since 2009, the source of funding for the Watermain Renewal Reserve is water rates.
The Director of Water and Waste is the Fund Manager.

Winnipeg Police Board - The Winnipeg Police Board provides civilian governance and oversight of the Winnipeg Police Service to improve transparency and accountability in policing. It is made up of seven civilian members. Five members are appointed by Winnipeg City Council and two are appointed by the Province of Manitoba. It receives its authority from Manitoba's Police Services Act (2009) and a City of Winnipeg By-Law (148/2012).

Workers Compensation Reserve - Under the terms of By-law No. 9802 of the former City of Winnipeg, provision was made for the establishment of a Workers Compensation Reserve Fund. On January 1, 1972, as a result of the amalgamation of the City of Winnipeg with former area municipalities, The Workers Compensation Reserve Fund was established in accordance with Section 338 of the former City of Winnipeg Act.

The City administers its workers compensation program on a self-insured basis. In lieu of paying premiums to the Workers Compensation Board of Manitoba, the City pays actual costs incurred plus an administration charge. Departments are charged actual costs as well as surcharges related to financing fatality pensions and upgrades of benefits. The net result is that

costs and surcharges are transferred to/from the Workers Compensation Reserve Fund. The Workers Compensation Reserve Fund serves to counteract any budgetary fluctuation from year to year that would result from a work related incident of major proportions.

On April 29, 2015, Council approved an amendment to the purpose of the Workers Compensation Reserve

1) to include Permanent Partial Impairment awards for occupational disease claims and
2) that pension surplus/deficit from Workers Compensation Board be accounted for in the Workers Compensation Reserve.
