

PRAIRIE SUB-REGION
Winnipeg, Manitoba
2020 April 13

DIVISION NOTICE PRN 4038/20

TO: ALL EMPLOYEES

AT: WINNIPEG

SUBJECT: ROLL BYE INSPECTIONS SYMINGTON

Effective 23:59 April 13th, 2020 Car Department at Symington will not perform roll bye inspections on originating trains from Winnipeg, or through trains not requiring roll bye inspection.

This operational change will only be implemented for the work centers in the Winnipeg metropolitan area for trains which originate in Winnipeg, and for through trains which do not fall under General Operating Instruction (GOI) 5.8.e.i respecting trains identified as having ERAP or LPS cars. CN will continue to perform rolling departure inspections on through trains which fall under GOI 5.8.e.i.

CN has conducted a risk assessment with respect to the use of automated inspection portals (AIP) in the greater Winnipeg area to perform automated inspections equivalent to a rolling departure inspection currently performed by mechanical personnel.

This does not provide relief of CROR 110/111.

Thanks,

Sanjay Bahl
Superintendent
